#### What is archaeology?

Archaeology is a special type of science. Archaeology is the study of past people and how they lived from evidence. Someone that studies archaeology is called an archaeologist. They are people just like you and me. They go to school to learn how to be an archaeologist. They get to travel all over, meeting new people, and learning new things.

#### What do archaeologists do?

Circle everything you think they do.

Draw an archaeologist and the tools they might use

- 1. They are explorers
- 2. They look at small things
- 3. They wear sun hats
- 4. They dig in the dirt
- 5. They like history
- 6. They use math
- 7. They read books
- 8. They teach others
- 9. They use computers
- 10. They like people
- 11. They look at maps
- 12. They like learning

The truth:

They do all those things!!!

Name your archaeologist:

## Archaeology Word Puzzle

Match the vocabulary words on the left with the definitions on the right. Next find and circle the words in the word search at the bottom of the page.
