

**MUSEUM OF NEW MEXICO**

---

**OFFICE OF ARCHAEOLOGICAL STUDIES**

**LABORATORY OF ANTHROPOLOGY NOTES**

**(BY NUMBER)**

**Revised August 2009**

## *Preface*

This catalogue lists reports in the Laboratory of Anthropology Notes series, published by the Office of Archaeological Studies, Museum of New Mexico. We hope that it will make it easier for archaeologists and others to find reports relevant to their research. It includes titles published from 1955 to 1991, when it was replaced by the Archaeology Notes series, catalogued separately, which includes reports published from 1990 to the present.

Reports can be obtained as books or CDs. Site location information is not available to the public. Qualified agencies and individuals can obtain this information through the New Mexico Cultural Resource Information System, Archeological Records Management Section, Laboratory of Anthropology, Santa Fe.

To order, or for information on the availability of specific reports, please contact the Office of Archaeological Studies, PO Box 2087, Santa Fe, NM 87504-2087, (505) 827-6343. Send e-mail inquiries to Tom Ireland ([thomas.ireland@state.nm.us](mailto:thomas.ireland@state.nm.us)).

**Note number:** 1  
Author: Shiner, Joel L., and W. B. Lark  
Title: The Archaeological Survey of the Standard Pipeline Company's Products Line between El Paso, Texas, and Albuquerque, New Mexico  
Date of report: 1954  
Date of project: 1954  
Type of project: Survey  
County: Bernalillo  
LA number(s): 8699-8705  
Project number: 4C-10  
Project name: Standard Pipeline  
Number of pages: 26  
Subject: Thirty-four sites were identified and divided into three groups: seasonal sites along the west side of Los Alamos Creek dating A.D. 950-1050, village sites near Socorro dating A.D. 1300 and 1500, and temporary camps in Jornada del Muerto.

**Note number:** 2  
Author: Hammack, Laurens C.  
Title: Missile Range Archaeology  
Date of report: 1960  
Date of project: 1960  
Type of project: Excavation  
County: Doña Ana  
LA number(s): 8673  
Project number: None  
Project name: Missile Range Excavation  
Number of pages: 16  
Subject: Small El Paso-phase pueblo dated A.D. 1300, based on ceramics.

**Note number:** 3  
Author: Dittert, Alfred E., Jr.  
Title: An Aerial Survey of the Public Service Company of New Mexico 230 KV Transmission Line, Northwestern New Mexico  
Date of report: 1962  
Date of project: 1962  
Type of project: Survey  
County: San Juan  
LA number(s): 6470  
Project number: 4C-12  
Project name: PSC Transmission Line  
Number of pages: 3  
Subject: Right-of-way 105 miles long surveyed by helicopter. The one site recorded consisted of an upright slab surface structure, a refuse mound, and a pithouse depression. White Mound phase, A.D. 750.

**Note number:** 4  
Author: Dittert, Alfred E., Jr.  
Title: A Proposal for Salvage Archaeology Research at the Cochiti and Galisteo Dam Projects  
Date of report: 1968  
Date of project: 1968  
Type of project: Research proposal  
County: Santa Fe  
LA number(s): None  
Project number: 60.08  
Project name: Galisteo and Cochiti Dams  
Number of pages: 6  
Subject: Summary of occupation in the Cochiti-Galisteo Dam areas and a proposal for research.

**Note number:** 5  
Author: Eddy, Frank W.  
Title: An Interim Report to the National Park Service on the Navajo Project  
Date of report: 1962  
Date of project: 1956  
Type of project: Survey  
County: San Juan, Rio Arriba

LA number(s): None  
Project number: 48.01  
Project name: NIIP and Navajo Reservoir  
Number of pages: 21  
Subject: Research in the NIIP and Navajo Reservoir areas in two parts: a summary of work accomplished (454 sites found) and a proposal for remaining work.

**Note number: 6**

Author: Hammack, Laurens C.  
Title: Excavations at Two Cairn Sites near San Antonio, New Mexico  
Date of report: 1962  
Date of project: 1962  
Type of project: Excavation  
County: Socorro  
LA number(s): 6453, 6454  
Project number: 50.04  
Project name: San Antonio  
Number of pages: 5  
Subject: Two sites excavated with two cairns each. No other features. Knapping refuse confined to areas immediately east of the cairns. Period and association indeterminate.

**Note number: 7**

Author: Hammack, Laurens C.  
Title: Highway Salvage Excavations near Lordsburg, New Mexico  
Date of report: 1962  
Date of project: 1962  
Type of project: Excavation  
County: Hidalgo  
LA number(s): 5754  
Project number: 4C-10  
Project name: Lordsburg Excavation  
Number of pages: 8  
Subject: Probable temporary campsite with single hearth, chipped stone, ground stone, and brown wares.

**Note number: 8**

Author: Hammack, Laurens C.  
Title: LA 5599: A Pithouse House Village near Rincon, New Mexico  
Date of report: 1962  
Date of project: 1962  
Type of project: Excavation  
County: Doña Ana  
LA number(s): 5599  
Project number: 4C-11  
Project name: Rincon Excavation  
Number of pages: 62  
Subject: Mesilla-phase site, A.D. 900-1100. Six pithouses, three trash pits, one small storage structure. Plain brown ware ceramics. Eleven metal projectile points found northwest of site.

**Note number: 9**

Author: Johnson, Chester R., Jr.  
Title: An Archaeological Survey of the Shiprock-Cortez 230 KV Powerline  
Date of report: 1962  
Date of project: 1962  
Type of project: Survey  
County: San Juan, Rio Arriba  
LA number(s): 2951, 2960-2963  
Project number: 50.06  
Project name: Shiprock-Cortez Powerline  
Number of pages: 4  
Subject: Survey from Arizona-New Mexico border through Shiprock to Cortez, Colorado. LA 2951, Pueblo II; LA 2960, San Jose-phase lithic scatter; LA 2961, Pueblo, Chapin phase; LA 2962, Mancos phase; LA 2963, Montezuma phase.\*

**Note number: 10**

Author: Johnson, Chester R., Jr.  
Title: Excavation of the Thoreau Site, LA 6372  
Date of report: 1962  
Date of project: 1962  
Type of project: Excavation  
County: McKinley  
LA number(s): 6372  
Project number: 4C-14  
Project name: Thoreau Excavation  
Number of pages: 8  
Subject: The site had two kivas, six surface rooms, four hearths, and eight postholes. Temporary occupation indicated.

**Note number: 11**

Author: Peckham, Stewart L.  
Title: Archaeological Salvage Excavations on Interstate 40 near McCartys, New Mexico  
Date of report: 1962  
Date of project: 1961  
Type of project: Excavation  
County: Cibola  
LA number(s): 6167, 6168, 6401, 6402, 6424  
Project number: 4C-08  
Project name: McCartys Excavation  
Number of pages: 17  
Subject: Five sites excavated, A.D. 950-1100. LA 6167, 20-room pueblo and kiva; LA 6168, surface rooms and pithouses; LA 6401, small pueblo site; LA 6402, 16-20 rooms and refuse area; LA 6424, two room blocks, depression, and sherd scatter.\*

**Note number: 12**

Author: Sciscenti, James V.  
Title: The Cañon de San Diego Ruin: Salvage Excavations at LA 5688  
Date of report: 1962  
Date of project: 1960  
Type of project: Excavation  
County: Sandoval  
LA number(s): 5688  
Project number: None  
Project name: Cañon de San Diego Ruin  
Number of pages: 16  
Subject: One room, possible storage structure, ca. A.D. 1630-1700. Seasonal occupation.

**Note number: 13**

Author: Sciscenti, James V.  
Title: Laguna-Paguate Highway Archaeological Salvage Excavations on U.P. 50  
Date of report: 1962  
Date of project: 1961  
Type of project: Excavation  
County: Cibola (Valencia)  
LA number(s): 5804, 5805  
Project number: None  
Project name: Laguna Excavation  
Number of pages: 7  
Subject: LA 5804, seven-room pueblo, ca. A.D. 1000-1050; LA 5805, pithouse, ceramic and lithic scatter, ca. A.D. 800 and Pueblo I (Kiatuthlanna phase).

**Note number: 14**

Author: Sciscenti, James V.  
Title: The Manuelito Project: Archaeological Salvage Excavations on Interstate 40  
Date of report: 1962  
Date of project: 1961  
Type of project: Excavation  
County: McKinley  
LA number(s): 4483, 4485, 4487, 4489  
Project number: 4C-07  
Project name: Manuelito Excavation

Number of pages: 9  
Subject: LA 4483, pithouse, several rooms, midden, Basketmaker III, ca. A.D. 775; LA 4485, five rooms, midden, possible kiva, A.D. 1150-1300, Pueblo III; LA 4487, eight pithouses, 25 rooms, midden, Basketmaker III-Pueblo I, A.D. 780-810.

**Note number:** 15  
Author: Smith, Jack E.  
Title: The Wingate Site (LA 2714)  
Date of report: 1962  
Date of project: 1962  
Type of project: Excavation  
County: McKinley  
LA number(s): 2714  
Project number: 51.04  
Project name: Wingate Excavation  
Number of pages: 14  
Subject: Two-room surface structure, pithouse, and adjacent activity area. Human and animal skeletal remains uncovered in trash mound. Late Prewitt-series ceramics.

**Note number:** 16  
Author: Alexander, Robert K.  
Title: Crownpoint-North Highway Salvage Project  
Date of report: 1963  
Date of project: 1963  
Type of project: Excavation  
County: McKinley  
LA number(s): 2985  
Project number: 52.06  
Project name: Crownpoint Excavation  
Number of pages: 10  
Subject: This Pueblo III site, with 18 rooms and 1 kiva, may represent a short-term farming community occupation.

**Note number:** 17  
Author: Hammack, Laurens C.  
Title: The Las Cruces Dam Sites: Lithic Sites near Las Cruces, New Mexico  
Date of report: 1963  
Date of project: 1962  
Type of project: Survey, excavation  
County: Doña Ana  
LA number(s): 6311-6314  
Project number: 50.05  
Project name: Las Cruces Dam Excavation  
Number of pages: 8  
Subject: All sites lithic scatters. LA 6312 tested, three hearth areas present. Dates indeterminate (Hueco phase or Apache).

**Note number:** 18  
Author: Hammack, Laurens C.  
Title: LA 5539: The Tohatchi School Site  
Date of report: 1963  
Date of project: 1962  
Type of project: Excavation  
County: McKinley  
LA number(s): 5539  
Project number: 51.02  
Project name: Tohatchi Excavation  
Number of pages: 12  
Subject: A small, seasonally occupied site with two rooms, a trash mound, and an exterior hearth. Ceramics of the Chaco-Gallup series.

**Note number:** 19  
Author: Shiner, Joel L.  
Title: Excavation of a Pit House near Zuni Pueblo, New Mexico  
Date of report: 1963

Date of project: 1963  
Type of project: Excavation  
County: McKinley  
LA number(s): 8070  
Project number: 51.11  
Project name: Zuni Excavation  
Number of pages: 16  
Subject: One pithouse and a bell-shaped storage cist were excavated. Artifacts indicate a date of ca. A.D. 1050.

**Note number: 20**

Author: Smith, Jack E.  
Title: The Bluewater Highway Salvage Project  
Date of report: 1963  
Date of project: 1962  
Type of project: Excavation  
County: Cibola  
LA number(s): 2761-2764, 6391, 6396, 6397  
Project number: 51.05  
Project name: Bluewater Excavation  
Number of pages: 30  
Subject: Seven sites excavated, three Pueblo II small farming communities and four recent Navajo sites.\*

**Note number: 21**

Author: Smith, Jack E.  
Title: Excavation of the Salcido Site, LA 6761  
Date of report: 1963  
Date of project: 1962  
Type of project: Excavation  
County: McKinley  
LA number(s): 6761  
Project number: 51.07  
Project name: Salcido Excavation  
Number of pages: 11  
Subject: This early Pueblo II, Chaco Canyon-style site is a six-room pueblo with a kiva and a small plaza. Wingate phase, ca. A.D. 930-1000.

**Note number: 22**

Author: Wood, Gerald L.  
Title: Archaeological Salvage Excavations near Rowe, New Mexico, Project 1-025-5(10)302  
Date of report: 1963  
Date of project: 1963  
Type of project: Excavation  
County: San Miguel  
LA number(s): 6844, 6846, 8025, 8026  
Project number: 51.10  
Project name: Rowe Excavation  
Number of pages: 16  
Subject: Three sites with structures are thought to have been used as temporary farming shelters and granaries. All sites have ceramic and/or lithic scatter. Ceramics date the sites to ca. A.D. 1500-1600.

**Note number: 23**

Author: Bussey, Stanley D.  
Title: The Llaves Site Salvage Excavations at LA 5859  
Date of report: 1963  
Date of project: 1963  
Type of project: Survey, excavation  
County: Sandoval  
LA number(s): 5859  
Project number: 52.09  
Project name: Llaves Survey  
Number of pages: 28  
Subject: This small habitation site of one pithouse and one surface structure represents the Largo-Gallina phase. Ceramics suggest an occupation date between A.D. 1300 and 1350.

**Note number:** 24  
Author: Dutton, Bertha P.  
Title: An Archaeological Survey of the Proposed Galisteo Dam and Reservoir  
Date of report: 1964  
Date of project: 1965  
Type of project: Survey  
County: Santa Fe  
LA number(s): 356, 9142, 9143, 9147-9149  
Project number: 52.04  
Project name: Galisteo Survey  
Number of pages: 8  
Subject: Six sites recorded. LA 356 was an important Archaic and Basketmaker II site with surface structures, campsite debris, and a pithouse depression. LA 9143, a homestead, dates to the last half of the nineteenth century.

**Note number:** 25  
Author: Hammack, Laurens C.  
Title: Archaeology of the New Mexico Section, the American Telephone and Telegraph Communication Cable  
Date of report: 1964  
Date of project: 1963  
Type of project: Survey  
County: Quay, Socorro, Catron  
LA number(s): 3900-3922  
Project number: 51.13  
Project name: American Telephone Survey  
Number of pages: 34  
Subject: This 379 mile survey located 23 sites, the majority of which are temporary campsites dating ca. A.D. 1000-1500.\*

**Note number:** 26  
Author: Hammack, Laurens C.  
Title: Excavation of 9152, Aneth, Utah  
Date of report: 1964  
Date of project: 1964  
Type of project: Excavation  
County: San Juan  
LA number(s): 9152  
Project number: 52.14  
Project name: Aneth Utah Excavation  
Number of pages: 18  
Subject: LA 9152, affiliated with Mancos Valley sites, had architectural units, stone artifacts, and potsherds. Ceramics indicated that the site was occupied between A.D. 1000 and 1100.

**Note number:** 27  
Author: Hammack, Laurens C.  
Title: The McCune Highway Salvage Project  
Date of report: 1964  
Date of project: 1964  
Type of project: Excavation  
County: McKinley  
LA number(s): 6364  
Project number: 52.15  
Project name: McCune Excavation  
Number of pages: 11  
Subject: LA 6364 had five surface rooms, two work areas, and a kiva resembling those of the McElmo phase in the Mesa Verde area. Ceramics indicate a date between A.D. 1025 and 1050.

**Note number:** 28  
Author: Hammack, Laurens C.  
Title: The Tohatchi Road Salvage Project: 1963-64  
Date of report: 1964  
Date of project: 1963  
Type of project: Excavation  
County: McKinley  
LA number(s): 2547, 2578, 2987-2990

Project number: 52.03  
Project name: Tohatchi Road Excavation  
Number of pages: 24  
Subject: Six sites were excavated, ranging from one to eight rooms and dating to A.D. 900-1200. LA 2547 also had an early 1800s Navajo component and an early Pueblo component, ca. A.D. 800.

**Note number: 29**

Author: Honea, Kenneth H.  
Title: A Late Archaic Horizon Site near Folsom, New Mexico  
Date of report: 1964  
Date of project: 1964  
Type of project: Excavation  
County: Union  
LA number(s): 8120, 8122, 8124  
Project number: 52.08  
Project name: Folsom Excavation  
Number of pages: 7  
Subject: Three sites discovered. Based on surface evidence, only LA 8120 was recommended for excavation.\*

**Note number: 30**

Author: Schaafsma, Curtis F.  
Title: Archaeological Salvage Excavation of the Hatch Site, LA 3135 Project I-025-1(11) and S-1172(1)  
Date of report: 1964  
Date of project: 1964  
Type of project: Excavation  
County: Doña Ana  
LA number(s): 3135  
Project number: 52.12  
Project name: Hatch Excavation  
Number of pages: 8  
Subject: The pithouses, room blocks, and hearth areas excavated represent the Archaic (before A.D. 500), the Mesilla phase of the Jornada Mogollon (A.D. 1000-1100), and the Doña Ana phase of the Jornada Mogollon (A.D. 1100-1150).

**Note number: 31**

Author: Bussey, Stanley D.  
Title: Highway Salvage Excavations near Aneth, Utah  
Date of report: 1965  
Date of project: 1965  
Type of project: Excavation  
County: San Juan  
LA number(s): 9167, 9171-9174  
Project number: 52.14  
Project name: Aneth Excavation  
Number of pages: 41  
Subject: Four sites ranging from Basketmaker III to Pueblo IV were excavated. LA 9167 was a ceramic scatter. LA 9171 had surface houses, pithouses, and a kiva. LA 9172 and LA 9173 were cobble mounds and pithouses. LA 9174 was a kiva.

**Note number: 32**

Author: Bussey, Stanley D.  
Title: The Llaves Pipeline Salvage Project, Preliminary Report  
Date of report: 1965  
Date of project: 1965  
Type of project: Survey and excavation  
County: Sandoval  
LA number(s): 5859  
Project number: 52.09  
Project name: Llaves Excavation  
Number of pages: 11  
Subject: At the time of this preliminary report, the excavation had exposed a surface room and a pithouse.

**Note number: 33**

Author: Hammack, Laurens C.

Title: The Lagunitas Highway Salvage Project  
Date of report: 1965  
Date of project: 1965  
Type of project: Excavation  
County: Sandoval  
LA number(s): 6864-6866  
Project number: 53.16  
Project name: Lagunitas Excavation  
Number of pages: 9  
Subject: The sites dated to A.D. 850-950 and 1050-1150. All are considered related to Largo-Gallina phases. LA 6864 had a pithouse and a palisade. LA 6865 and LA 6866 had surface rooms and a pithouse. On microfiche only.

**Note number: 34**  
Author: Hammack, Laurens C.  
Title: The Mangus Highway Salvage Project  
Date of report: 1965  
Date of project: 1964  
Type of project: Excavation  
County: Grant  
LA number(s): 6882, 6877  
Project number: 53.02  
Project name: Mangus Excavation  
Number of pages: 9  
Subject: Two sites were tested. LA 6882 was a possible two-room fieldhouse. LA 6877 was a possible residential site.

**Note number: 35**  
Author: Honea, Kenneth H.  
Title: The Caballo Highway Salvage Project  
Date of report: 1966  
Date of project: 1965  
Type of project: Excavation  
County: Sierra  
LA number(s): 6881  
Project number: 53.05  
Project name: Caballo Excavation  
Number of pages: 9  
Subject: LA 6881, occupied by three prehistoric cultures, had 14 excavated units consisting of pithouses, storage pits, cooking pits, hearths, and middens.\*

**Note number: 36**  
Author: Warren, A. Helene  
Title: Geologic Studies in Largo Canyon, San Juan County, New Mexico  
Date of report: 1965  
Date of project: 1965  
Type of project: Survey  
County: San Juan  
LA number(s): 8662, 8665  
Project number: None  
Project name: Largo Canyon  
Number of pages: 15  
Subject: The physical setting and geologic resources of the project area are examined to establish a broader basis for interpreting the cultural evidence of prehistoric occupation at two sites. Petrographic analysis of ceramics. On microfiche only.

**Note number: 37**  
Author: Allen, Joseph W.  
Title: An Archaeological Survey of the Transmission Line to Truth or Consequences and Hatch, New Mexico  
Date of report: 1967  
Date of project: 1966  
Type of project: Survey  
County: Sierra, Doña Ana  
LA number(s): 8707  
Project number: 54.15  
Project name: Truth or Consequences and Hatch Survey

Number of pages: 9  
Subject: Surface evidence from this pottery and material culture scatter area was assigned to the old town of Palermo.\*

**Note number: 38**

Author: Benham, Blake L.  
Title: Excavation of La Plata Phase Pithouses near Tohatchi, New Mexico  
Date of report: 1966  
Date of project: 1963  
Type of project: Excavation  
County: McKinley  
LA number(s): 6988, 6989  
Project number: 52.01  
Project name: La Plata Excavation  
Number of pages: 18  
Subject: Two single-occupation pithouse sites with storage units are representative of the La Plata phase, ca. A.D. 700. On microfiche only.

**Note number: 39**

Author: Bussey, Stanley D.  
Title: The Mesita-Laguna Highway Salvage Project  
Date of report: 1966  
Date of project: 1966  
Type of project: Excavation  
County: Cibola (Valencia)  
LA number(s): 8679  
Project number: 54.13  
Project name: Mesita-Laguna Excavation  
Number of pages: 8  
Subject: LA 8679 is a single family unit pithouse with a three- or four-room surface house and storage pit. The site dates to early in the Red Mesa phase (A.D. 870-950). On microfiche only.\*

**Note number: 40**

Author: Laurens C. Hammack, Stanley D. Bussey, and Ronald J. Ice  
Title: The Cliff Highway Salvage Project  
Date of report: 1966  
Date of project: 1966  
Type of project: Excavation  
County: Grant  
LA number(s): 5779, 5793, 6783  
Project number: 54.06  
Project name: Cliff Excavation  
Number of pages: 39  
Subject: These sites represent four and possibly five cultural components, beginning with the late Archaic and ending with the Salado phase.\*

**Note number: 41**

Author: Hammack, Laurens C.  
Title: Diablo Highway Salvage Archaeology  
Date of report: 1966  
Date of project: 1966  
Type of project: Excavation  
County: Catron  
LA number(s): 6536-6538  
Project number: 54.12  
Project name: Diablo Excavation  
Number of pages: 15  
Subject: The three sites excavated represent four cultural periods. LA 6537, a seasonal unit of six rooms, dates to the Mangus phase. LA 6536 is a late Historic homestead of four structures. LA 6538 has ten pithouses, storage pits, two Mimbres-phase surface rooms, and a kiva.

**Note number: 42**

Author: Peckham, Stewart L.  
Title: Archaeological Salvage Excavations in the Vicinity of the Proposed Cochiti Dam, 1965 Season  
Date of report: 1966

Date of project: 1965  
Type of project: Excavation  
County: Sandoval  
LA number(s): 70  
Project number: 51.12  
Project name: Cochiti Excavation  
Number of pages: 16  
Subject: In 1964, 122 surface rooms, two kivas, and two pit rooms were excavated at LA 70. In 1965, 76 surface rooms, seven kivas, five pit rooms, and two pithouses were excavated. Pueblo occupation A.D. 1280-1750. Historic occupation is shown by eight semisubterranean dwellings. On microfiche only.

**Note number: 43**

Author: Wilson, John P.  
Title: Fort Fillmore, New Mexico 1966  
Date of report: 1966  
Date of project: 1966  
Type of project: Excavation  
County: Doña Ana  
LA number(s): 8697  
Project number: 54.16  
Project name: Fort Fillmore Excavation  
Number of pages: 43  
Subject: LA 8697 was a major southwestern army post in the pre-Civil War era consisting of adobe houses, officers' quarters, soldiers' barracks, a hospital, a store, and corrals. Occupation of the fort dates from September 1851 to November 1862.

Title: Excavations at the Twin Hills Site, Santa Fe County, New Mexico: Preliminary Report  
Date of report: 1967  
Date of project: 1967  
Type of project: Excavation  
County: Santa Fe  
LA number(s): 8866  
Project number: 55.05  
Project name: Twin Hills Excavation  
Number of pages: 13  
Subject: LA 8866 was a shaft, not an Indian shrine, as anticipated. Remains of three humans were found, and large animal bones were present. The fill of the shaft was excavated. On microfiche only.

**Note number: 45**

Author: Lambert, Marjorie F.  
Title: Excavations at Twin Hills Site, Santa Fe County, New Mexico: A Preliminary Report of Research Conducted at LA 8866  
Date of report: 1967  
Date of project: 1967  
Type of project: Excavation  
County: Santa Fe  
LA number(s): 8866  
Project number: 55.05  
Project name: Twin Hills Excavation  
Number of pages: 7  
Subject: LA 8866 was a naturally formed open volcanic pipe thought to have been a place where offerings were made in prehistoric times. The excavation found evidence of prehistoric use from as early as 2500 B.C. to the present. On microfiche only.

**Note number: 46**

Title: Archaeological Salvage Excavations along Interstate 40 near Laguna Pueblo, New Mexico  
Date of report: 1967  
Date of project: 1966  
Type of project: Excavation  
County: Grant  
LA number(s): 5941-5947, 5949, 8763, 8768  
Project number: 55.03  
Project name: Laguna Pueblo Excavation  
Number of pages: 28  
Subject: Most of the eight prehistoric sites excavated were occupied during the Red Mesa and Cebolleta phases (A.D. 850-1100). The sites, which appear to have been seasonal and located near agricultural fields, consist of surface structures, pithouses, and kivas.

**Note number: 48**  
Author: Ice, Ronald J.  
Title: West Fork Ruin: A Stratified Site near Gila Cliff Dwellings National Monument, New Mexico  
Date of report: 1968  
Date of project: 1966  
Type of project: Excavation  
County: Catron  
LA number(s): 8675  
Project number: 54.11  
Project name: West Fork Excavation  
Number of pages: 7  
Subject: Excavation of LA 8675 exposed an early ranch house, 14 pithouses, and 20 surface rooms. The pithouses and surface rooms were prehistoric (A.D. 900-1100). The homestead is thought to have been occupied after 1876.

Title: A Preliminary Report of Archaeological Survey: The Tetilla Peak Recreation Area Access Road, 1972-1973, Cochiti Dam, New Mexico  
Date of report: 1972  
Date of project: 1972  
Type of project: Survey  
County: Sandoval  
LA number(s): 11583-11591  
Project number: 51.12  
Project name: Tetilla Peak Survey  
Number of pages: 20  
Subject: Most of the nine sites recorded on the survey were lithic and/or sherd scatter sites used to produce flaking material for tool manufacture. LA 11583 was an agriculture fieldhouse. Dates for the sites range from 1000 B.C. to A.D. 1450.\*

Title: An Archaeological Salvage Excavation of a Basket Maker III Site on U.S. Highway 666, near Naschitti, New Mexico  
Date of report: 1973  
Date of project: 1973  
Type of project: Excavation  
County: McKinley  
LA number(s): 10943  
Project number: 61.11  
Project name: Naschitti Excavation  
Number of pages: 11  
Subject: Excavation of LA 10943 exposed three surface storage structures and one pithouse. Site occupation dated by ceramics to late Basketmaker III (A.D. 700-800).

**Note number: 83**

Author: Mohr, Albert, and L. L. Sample  
Title: Archaeological Excavations at Site No. L/102, Rio Arriba County, New Mexico  
Date of report: 1972 and 1975  
Date of project: 1972 and 1975  
Type of project: Excavation  
County: Rio Arriba  
LA number(s): 102  
Project number: None  
Project name: L/102 Excavation  
Number of pages: 26  
Subject: The architecture of L/102, showing two periods of occupation, consisted of four buildings and a thin sheet of refuse. The site is representative of the Largo-Gallina phase.

Date of report: 1974  
Date of project: 1974  
Type of project: Survey  
County: Socorro  
LA number(s): 10884, 11651-11807, 1337-1341  
Project number: 62.14  
Project name: Malpais Survey  
Number of pages: 48  
Subject: There were 163 sites recorded on the survey. Recommendations are made for site protection, stabilization, and excavation.\*

**Note number:** 104  
Author: Stein, John R., and Stewart L. Peckham  
Title: An Inventory of Archaeological and Historic Remains in the Cottonwood-Walnut Drainage, Chaves and Eddy Counties, New Mexico  
Date of report: 1974  
Date of project: 1974

Type of project: Survey  
County: Chaves, Eddy  
LA number(s): 11809-11822  
Project number: 62.18  
Project name: Cottonwood-Walnut Survey  
Number of pages: 19  
Subject: Fourteen sites recorded in seven square miles: four sites of the Jornada branch of the Mogollon, ca. A.D. 300-1400, and ten Historic Anglo homesteads, ca. A.D. 1890-1957.\*

**Note number: 105**

Author: Enloe, James G., Andrew T. Smith, and Stewart L. Peckham  
Title: An Archaeological Survey of the San Juan to Ojo 345 KV Transmission Line, Northwestern New Mexico  
Date of report: 1974  
Date of project: 1974  
Type of project: Survey  
County: Rio Arriba  
LA number(s): 11828-11874, 11904  
Project number: 62.17  
Project name: Ojo Survey  
Number of pages: 96  
Subject: This 150-mile-long survey of a 100-foot-wide corridor recorded 48 sites. Sites were identified as Archaic, Anasazi, Gallina, Navajo, and Historic. Five sites were recommended for excavation.\*

**Note number: 106**

Title: An Archaeological Clearance Investigation and Impact Statement for the World Humates, Ltd. Mine near San Ysidro, New Mexico  
Date of report: 1974  
Date of project: 1974  
Type of project: Survey  
County: Sandoval  
LA number(s): 11876-11887  
Project number: 63.03  
Project name: Humates Ltd. Survey  
Number of pages: 31  
Subject: The survey recorded 12 sites: 3 small pueblos, 4 fieldhouses, and 1 small rock art site with an associated sherd and lithic area. The sites date from A.D. 900-1000 to Historic.\*

**Note number: 107**

Author: Wiseman, Regge N.  
Title: An Archaeological Clearance Investigation and Impact Statement Conducted for Dames and Moore in the Vicinity of Smith Lake, New Mexico  
Date of report: 1974  
Date of project: 1974  
Type of project: Survey  
County: McKinley  
LA number(s): 12100, 12101  
Project number: 65.37  
Project name: Smith Lake  
Number of pages: 10  
Subject: Two recent Navajo sites were found within the proposed mine area. DM-1 is a Navajo sweat lodge (nineteenth or twentieth century). DM-2 consists of two adjacent piles of burned rock (nineteenth or twentieth century).\*

**Note number: 108**

Author: Wiseman, Regge N.  
Title: An Archaeological Clearance Investigation and Impact Statement for Kerr-McGee's Church Rock II Mine and Access Road near Gallup, New Mexico  
Date of report: 1974  
Date of project: 1974  
Type of project: Survey  
County: McKinley  
LA number(s): 12102-12108  
Project number: 62.20  
Project name: Church Rock II Survey

Number of pages: 38  
Subject: Seven sites recorded. Four are prehistoric sherd areas and small pueblos. Three others are nineteenth-century Navajo: a hogan ring and rock concentration, a sweat lodge, and a small petroglyph site.\*

**Note number: 109**

Author: Wiseman, Regge N.  
Title: An Archaeological Clearance Investigation and Impact Statement for the San Ysidro-Southern Union Gas Company Storage Facility Distribution Line near San Ysidro, New Mexico  
Date of report: 1974  
Date of project: 1974  
Type of project: Survey  
County: Sandoval  
LA number(s): 12134-12142  
Project number: 64.32  
Project name: San Ysidro  
Number of pages: 31  
Subject: Of the nine sites recorded on the survey, three are fieldhouses with water control devices, and the others are small- to medium-sized pueblos, most of which were occupied between A.D. 1200 and 1350.\*

**Note number: 110**

Author: Alexander, Robert K.  
Title: An Archaeological Survey of the 345 KV Transmission Line from the Four Corners Power Plant to the Albuquerque Substation  
Date of report: 1966  
Date of project: 1966  
Type of project: Survey  
County: San Juan, McKinley, Sandoval  
LA number(s): 8732  
Project number: 54.07  
Project name: Four Corners Survey  
Number of pages: 10  
Subject: Survey recorded 12 sites, either Navajo hogans or sweat lodges or nonceramic campsites and chipping stations. Excavation of one possible Archaic site recommended.

**Note number: 111 a**

Author: Snow, David H.  
Title: Archaeological Investigations at LA 11836: A Pedernal Chert Quarry in Rio Arriba County, New Mexico  
Date of report: 1978  
Date of project: 1975  
Type of project: Excavation  
County: Rio Arriba  
LA number(s): 11836  
Project number: 62.17  
Project name: LA 11836 Excavation  
Number of pages: 74  
Subject: LA 11836 was a surface quarry site associated with an extensive lithic workshop. Scanty evidence favors a Late Archaic and Basketmaker age.\*

**Note number: 111 b**

Author: Whiteaker, Ralph J.  
Title: Archaeological Investigations on the San Juan-to-Ojo 345 KV Transmission Line: The Excavation of LA 11828, the Arroyo del Palacio Site, Rio Arriba County  
Date of report: 1976  
Date of project: 1975  
Type of project: Excavation  
County: Rio Arriba  
LA number(s): 11828  
Project number: 62.17  
Project name: LA 11828  
Number of pages: 25  
Subject: LA 11828 was a lithic scatter and campsite with a Pueblo shrine and intrusive eighteenth-century component. The primary occupation of the site was placed at 3000 to 500 B.C. and Pueblo III-Pueblo IV.\*

**Note number: 111 c**

Author: Snow, David H.  
Title: The Llano Piedra Lumbre Site: A Multicomponent Lithic Scatter in Rio Arriba County, New Mexico  
Date of report: 1983  
Date of project: 1975  
Type of project: Excavation  
County: Rio Arriba  
LA number(s): 11835  
Project number: 62.17  
Project name: Piedra Lumbre  
Number of pages: 26  
Subject: LA 11835 was a multicomponent site with an assemblage composed predominantly of chipped stones. The principal activity was bifacial tool finishing using Pedernal chert and Polvadera obsidian. Used from Archaic through late Pueblo III times.

**Note number: 111 d**

Author: Whiteaker, Ralph J.  
Title: Archaeological Investigations on the San Juan-to-Ojo 345 KV Transmission Line: Excavation of LA 11841, a Gallina Phase Pithouse Site, Rio Arriba County  
Date of report: 1976  
Date of project: 1975  
Type of project: Excavation  
County: Rio Arriba  
LA number(s): 11841  
Project number: 62.17  
Project name: LA 11841 Excavation  
Number of pages: 27  
Subject: LA 11841 consisted of a single pithouse and refuse area. Only the refuse area and test trenches were excavated; the pithouse lay outside the right-of-way.\*

Author: Fiero, Kathleen  
Title: Review Draft. Prehistoric Garden Plots along the Lower Rio Chama Valley: Archaeological Investigations at Sites LA 11830, 11831, and 11832, Rio Arriba County, New Mexico  
Date of report: 1978  
Date of project: 1975  
Type of project: Excavation  
County: Rio Arriba  
LA number(s): 11830-11832  
Project number: 67.17  
Project name: LA 11830, LA 11831, LA 11832 Excavations  
Number of pages: 71  
Subject: Excavation of three late Pueblo III-early Pueblo IV garden plot sites. Ten-room fieldhouse associated with LA 11830. Description of two types of water control systems.

**Note number: 111 f**

Author: Fiero, Kathleen  
Title: Review Draft. Archaeological Investigations at LA 11850: A Gallina Phase Village on the Continental Divide, Rio Arriba County, New Mexico  
Date of report: 1978  
Date of project: 1975  
Type of project: Excavation  
County: Rio Arriba  
LA number(s): 11850  
Project number: 62.17  
Project name: LA 11850 Excavation  
Number of pages: 213  
Subject: Excavation of LA 11850, an early to mid thirteenth-century village with two towers (used for habitation), storage rooms, and two pithouses.

**Note number: 111 g**

Author: Seaman, Timothy J.  
Title: Archaeological Investigations on the San Juan-To-Ojo 345 KY Transmission Link for Public Service Company of New Mexico: Excavation of LA 11843, an Early Stockaded Settlement of the Gallina Phase  
Date of report: 1976

Date of project: 1976  
Type of project: Excavation  
County: Rio Arriba  
LA number(s): 11843  
Project number: 62.17  
Project name: LA 11843 Excavation  
Number of pages: 192  
Subject: Research focused on interpretation of variability in architectural forms and material culture. Origins of the Gallina culture in the Rosa phase are discussed. LA 11843 was a Gallina-phase pithouse.

**Note number: 111 h**

Author: Anderson, Dana B.  
Title: Review Draft. Archaeological Investigations at LA 11904, a Nonceramic Site on Gallegos Wash, San Juan County, New Mexico

Date of report: 1978  
Date of project: 1975  
Type of project: Excavation  
County: San Juan  
LA number(s): 11904  
Project number: 62.17  
Project name: LA 11904  
Number of pages: 96  
Subject: Excavation of a lithic artifact scatter. Examination of dune structure indicated occupation after 5500 B.C. Site probably used through Basketmaker II.

**Note number: 112**

Author: Wiseman, Regge N.  
Title: A Cultural Resource Investigation of a Proposed Electric Distribution Line across State Trust Land Northeast of Cerrillos, Santa Fe County, New Mexico, for the Public Service Company of New Mexico

Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: Santa Fe  
LA number(s):  
Project number:  
Project name: PNM Survey  
Number of pages: 4  
Subject: Survey of a proposed rural electric distribution line.

**Note number: 114**

Author: Snow, David H.  
Title: Archaeological Survey and Assessment: Sebastian Martin-Black Mesa Watershed, Rio Arriba County, New Mexico, Conducted for the U.S. Soil Conservation Service

Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: Rio Arriba  
LA number(s): 3942, 12308  
Project number: 63.07  
Project name: Sebastian-Black Mesa  
Number of pages: 24  
Subject: A Pueblo IV petroglyph site and a shrine.\*

**Note number: 115**

Author: Snow, David H.  
Title: Archaeological Survey and Assessment: Española-Rio Chama Watershed, Santa Fe and Rio Arriba Counties, New Mexico, Conducted for the U.S. Soil Conservation Service

Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: Santa Fe, Rio Arriba  
LA number(s): 12301-12307  
Project number: 63.08

Project name: Española-Rio Chama Survey  
Number of pages: 11  
Subject: Survey recorded seven sites: one ceramic scatter (A.D. 1400-1550), three lithic artifact scatters, two masonry pueblos, and a Pueblo shrine.\*

**Note number: 116**

Author: Wiseman, Regge N.  
Title: An Archaeological Clearance Investigation and Impact Statement for the New Mexico State Highway Department, Project 1-040-6(16)351, near San Jon, New Mexico  
Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: Quay  
LA number(s): 12297, 12298  
Project number: 63.03-9  
Project name: San Jon Survey  
Number of pages: 38  
Subject: This survey recorded two late prehistoric (A.D. 500-1540) campsites. LA 12297 had lithic debitage associated with several hearths. LA 12298 had lithic debitage and fire-cracked rock.\*

**Note number: 117 a**

Author: Wilson, John P.  
Title: The Excavation of LA 6380, The Horseshoe Site  
Date of report: 1962  
Date of project: 1962  
Type of project: Excavation  
County: McKinley  
LA number(s): 6380  
Project number: 50.08  
Project name: Horseshoe Excavation  
Number of pages: 51  
Subject: Excavation of three surface structures, one exterior hearth, two pithouses, and a trash area. Ceramics indicate a Pueblo II occupation (A.D. 900-1000).

**Note number: 117 b**

Author: Wilson, John P.  
Title: The Excavation of LA 6386, Burro Valley Pueblo  
Date of report: 1962  
Date of project: 1962  
Type of project: Excavation  
County: McKinley  
LA number(s): 6386  
Project number: 50.08  
Project name: Burro Valley Excavation  
Number of pages: 52  
Subject: Excavation of a six-room pueblo, six hearths, and one kiva of the Red Mesa phase (Pueblo II, A.D. 900-950). Probable year-round habitation site.

**Note number: 117 c**

Author: Wilson, John P.  
Title: The Excavation of LA 6483, the Sowers Site  
Date of report: 1962  
Date of project: 1962  
Type of project: Excavation  
County: McKinley  
LA number(s): 6483  
Project number: 50.08  
Project name: Sowers Site Excavation  
Number of pages: 50  
Subject: Excavation of one surface structure, one kiva, two pithouses, two exterior hearths, and a trash area. Ceramics indicate a date of A.D. 900-950, or the Red Mesa phase (Pueblo II).\*

**Note number: 117 d**

Author: Brew, Alan P.

Title: Excavation of LA 6481, the Question Mark Site  
Date of report: 1962  
Date of project: 1962  
Type of project: Excavation  
County: McKinley  
LA number(s): 6481  
Project number: 50.08  
Project name: Question Mark Site Excavation  
Number of pages: 10  
Subject: Excavation of a two-room Pueblo II site, possibly seasonally occupied.

**Note number: 117 e**

Author: Brew, Alan P.  
Title: The Excavation of LA 6485, the Terrace Site  
Date of report: 1962  
Date of project: 1962  
Type of project: Excavation  
County: McKinley  
LA number(s): 6485  
Project number: 50.08  
Project name: Terrace Excavation  
Number of pages: 48  
Subject: Recording and partial excavation of terrace gardens associated with two pueblo sites: a two-room surface structure, pithouse, or kiva, and a larger pueblo with an enclosed kiva.

**Note number: 117 f**

Author: Hargrave, Lyndon H.  
Title: Ceramics of the Prewitt District, New Mexico  
Date of report: 1962  
Date of project: 1962  
Type of project: Ceramic study  
County: McKinley  
LA number(s): None  
Project number: 50.08  
Project name: Prewitt Ceramics  
Number of pages: 31  
Subject: This report is on ceramics indigenous to the Prewitt District. Description and identification of two newly named pottery types.

**Note number: 118**

Author: Tierney, Gail D.  
Title: A Vegetation Survey of the Canyon Cuervo Area for the Anasazi Origins Project  
Date of report: 1972  
Date of project: 1968  
Type of project: Survey  
County: Sandoval  
LA number(s): None  
Project number: None  
Project name: Cuervo Survey  
Number of pages: 19  
Subject: Botanical survey made in area of known Archaic sites.

**Note number: 119**

Author: Enloe, James G., William C. Allan, Paul S. Grigg, Andrew T. Smith, and Stewart L. Peckham  
Title: An Archaeological Inventory and Evaluation of Some Prehistoric and Historic Sites in the Upper San Juan Drainage, New Mexico  
Date of report: 1973  
Date of project: 1973  
Type of project: Survey  
County: San Juan, Rio Arriba  
LA number(s): 1858, 1868-1871, 2129, 2305, 11003-11017, 11077-11203, 11251  
Project number: 61.21  
Project name: San Juan Planning Unit  
Number of pages: 70

Subject: Survey recorded 85 sites of which 37 are Navajo (Gobernador period), 34 are Rosa- and Piedra-phase Pueblo sites, 11 are multicomponent (Navajo and Pueblo), and 3 are indeterminate.\*

**Note number: 120**

Author: Whiteaker, Ralph J.  
Title: The Little Deer Trail Site: Excavation of LA 10705  
Date of report: 1976  
Date of project: 1975  
Type of project: Excavation  
County: Rio Arriba  
LA number(s): 10705  
Project number: 63.11  
Project name: Little Deer Trail Excavation  
Number of pages: 30  
Subject: Excavation of lithic campsite, Pueblo IV-Pueblo V, with three hearths and two debitage areas.

**Note number: 121**

Author: Wiseman, Regge N.  
Title: A Cultural Resource Overview of Eleven Potential Locations for a Recreational Lake in Catron County, New Mexico  
Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: Catron  
LA number(s): None  
Project number: None  
Project name: Recreational Lake Survey  
Number of pages: 19  
Subject: At 10 of the 11 original sites surveyed there were cultural remains. Four of these locations were selected for further consideration.\*

**Note number: 122**

Author: Wiseman, Regge N.  
Title: An Archaeological Clearance Investigation and Impact Statement of Two Southern Union Gas Company Cathodic Protection Lines South of Gobernador, New Mexico  
Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: Rio Arriba  
LA number(s): 12894-12898  
Project number: 63.06  
Project name: Southern Union  
Number of pages: 36  
Subject: Ceramics from the five sites recorded during this survey indicate they are Pueblo refugee farm sites, Dinetah phase. LA 12896 has architecture and soil and water control devices. LA 12894 has hearths. The others are ceramic/lithic scatters.\*

**Note number: 123**

Author: Kayser, David W.  
Title: An Archaeological Clearance Investigation of Five Soil Conservation Dam Locations in Doña Ana and Sierra Counties, New Mexico  
Date of report: 1976  
Date of project: 1975  
Type of project: Survey  
County: Doña Ana, Sierra  
LA number(s): 13222-13231, 13279  
Project number: 64.20  
Project name: Doña Ana County Survey  
Number of pages: 106  
Subject: Five isolated artifact locales and 11 sites recorded: seven campsites, dating from the Archaic through recent Historic, one Late Archaic pithouse village, two masonry structures, and one rock shelter.\*

**Note number: 124 a**

Author: Kayser, David W.

Title: An Archaeological Clearance Investigation and Mitigation Proposal for New Mexico State Highway 666 North of Sheep Springs, Navajo Reservation, San Juan County, New Mexico  
Date of report: 1976  
Date of project: 1975  
Type of project: Excavation  
County: San Juan  
LA number(s): 12732-12739  
Project number: 63.03-18  
Project name: Sheep Springs  
Number of pages: 93  
Subject: Nine sites were recorded on the survey: six Pueblo I-Pueblo III occupations, two nineteenth- and twentieth-century sites, and one Navajo burial area from the 1930s.\*

**Note number: 124 b**

Author: Wiseman, Regge N.  
Title: A Cultural Resource Investigation of the Proposed Borrow and Surface Pits for New Mexico Highway Department Project FLH-12(16), near Sheep Springs, New Mexico  
Date of report: 1976  
Date of project: 1975  
Type of project: Survey  
County: San Juan County  
LA number(s): None  
Project number: 63.03-18  
Project name: Sheep Springs North Survey  
Number of pages: 5  
Subject: No sites recorded.

**Note number: 125**

Author: Wiseman, Regge N.  
Title: An Archaeological Impact Statement and Mitigation Proposal for New Mexico State Highway Department Project F-033-1(14), near San Ysidro, Sandoval County, New Mexico  
Date of report: 1976  
Date of project: 1975  
Type of project: Survey  
County: Sandoval  
LA number(s): 12527-12531, 13195, 13196, 13282  
Project number: 63.03-10  
Project name: San Ysidro West Survey  
Number of pages: 63  
Subject: This survey recorded eight sites: three possible shrines (A.D. 1400-1900), two bathhouses associated with the mineral springs (A.D. 1900), a rock shelter with Pueblo IV and Historic occupations, and soil and water control devices.\*

**Note number: 126**

Author: Oakes, Yvonne R.  
Title: An Archaeological Clearance Investigation for the Exxon Company, Rio Arriba County, New Mexico  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: Rio Arriba  
LA number(s): 13715  
Project number: 64.10  
Project name: Exxon Company Survey  
Number of pages: 14  
Subject: A collapsed sheep pen (pre-1950), an extensive lithic scatter, a possible workshop area, and another lithic artifact scatter were found during survey of drill pad locations.\*

**Note number: 127 a**

Author: Seaman, Timothy J.  
Title: An Archaeological Clearance of the Four Corners-Ambrosia-West Mesa Transmission Line, Northwestern New Mexico  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey

County: San Juan, McKinley, Valencia, Sandoval, Bernalillo  
LA number(s): 6470, 13460-13475, 10387, 10395-10397  
Project number: 64.19  
Project name: PBS Four Corners  
Number of pages: 65  
Subject: Twenty-one sites and five isolated occurrences were located in this 156 mile survey: eight Historic, thirteen prehistoric (A.D. 500-1200), and eight nonceramic.\*

**Note number: 127 b**

Author: Seaman, Timothy J.  
Title: An Archaeological Clearance Survey for the Public Service Co. of New Mexico, Bernalillo County, New Mexico  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: Bernalillo  
LA number(s): None  
Project number: 63.09  
Project name: PNM Survey, Bernalillo  
Number of pages: 9  
Subject: No cultural resources encountered. Clearance recommended.

**Note number: 128**

Author: Kayser, David W.  
Title: Archaeological Clearance Survey and Mitigation Report for Construction Stations 482+00 to 501+00 of New Mexico State Highway Department RS-1153(6) in Catron County, New Mexico  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey, excavation  
County: Catron  
LA number(s): 6074-6077, 14463  
Project number: 65.10  
Project name: Gallo Mountain Excavation  
Number of pages: 47  
Subject: Five sites recorded and excavated: three small one- or two-room dwelling units, a small multiroom pueblo (LA 7076), and a contemporary water control system (LA 14463). Mogollon through Historic periods represented.\*

**Note number: 129 a**

Author: Doleman, William H.  
Title: Cultural Resources Survey and Inventory for Phillips Petroleum Company, Noserock Project, McKinley County, New Mexico  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: McKinley  
LA number(s): 13739-13811, 13923, 13924  
Project number: 64.17  
Project name: Phillips Petroleum Survey  
Number of pages: 222  
Subject: There were 75 archaeological sites and 41 localities recorded on this survey. Archaic, Anasazi, and Navajo occupations.\*

**Note number: 129 b**

Author: Nemaric, Juan C.  
Title: A Cultural Properties Inventory for Phillips Petroleum Company, Becenti Lake, New Mexico  
Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: McKinley  
LA number(s): 13153-13160, 13164  
Project number: 64.17  
Project name: Phillips Petroleum Survey  
Number of pages: 22  
Subject: Nine sites were recorded, ranging from Anasazi Pueblo III sherd scatters through Historic Navajo (A.D. 1875-1930).\*

**Note number:** 130  
Author: Cronk, Lynn E., and Karen Wening  
Title: Sandia Pueblo Survey  
Date of report: 1980  
Date of project: 1980  
Type of project: Survey  
County: Bernalillo  
LA number(s): 716, 717  
Project number: 68.15  
Project name: Sandia Pueblo  
Number of pages: 12  
Subject: LA 716: sherd and lithic scatter and two disturbed mounds, possible historic pueblo. LA 717: possible location of historic Puaray.\*

**Note number:** 131  
Author: Tierney, Gail D.  
Title: Vegetation Survey and Overview of LA 10794, Carnue, New Mexico  
Date of report: 1977  
Date of project: 1975  
Type of project: Survey  
County: Bernalillo  
LA number(s): 10794  
Project number: 63.04  
Project name: Carnue  
Number of pages: 40  
Subject: Vegetative survey and geographical overview of area around LA 10794, a small agricultural pueblo in Tijeras Canyon. Included in Laboratory of Anthropology Notes 166.\*

**Note number:** 132  
Author: Boyer, William K.  
Title: An Archaeological Clearance Investigation for the New Mexico State Highway Department Project I-25-5(23)260(UP-90) near La Bajada Hill, Santa Fe and Sandoval Counties, New Mexico  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: Santa Fe, Sandoval  
LA number(s): 14892  
Project number: 65.26  
Project name: La Bajada Survey  
Number of pages: 25  
Subject: Survey recorded two cultural resources: LA 14892, a fourteenth-fifteenth century sherd and lithic artifact scatter, and a small rock check-dam of indeterminate age. Also, 18 isolated occurrences.\*

**Note number:** 133  
Author: Wiseman, Reggie N.  
Title: Eastern New Mexico Archaeology: A Case Example of Interpretive Potential  
Date of report: 1978  
Date of project: 1975  
Type of project: Survey  
County: Quay  
LA number(s): 12295-12298  
Project number: None  
Project name: Eastern New Mexico Survey  
Number of pages: 46  
Subject: Four post-A.D. 1 possible basecamp sites recorded. LA 12295, 27 mortars and a lithic artifact scatter. LA 12297, two hearths and lithic artifact scatter. LA 12298, lithic artifacts and fire-cracked rock. LA 12296, hearth and lithic artifacts.\*

**Note number:** 134  
Author: Swadesh, Frances L.  
Title: Ethnohistoric Notes on Villanueva and Approaches to the Southside Bridge  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey

County: San Miguel  
LA number(s): None  
Project number: 65.30  
Project name: Villanueva  
Number of pages: 22  
Subject: Description of structures in Villanueva that were threatened by construction of new approach to bridge. Only one structure viewed as historically significant.

**Note number: 135**

Author: Fallon, Denise P.  
Title: An Archaeological Investigation of the Petroglyphs at the Waterflow Site, LA 8970, San Juan County, New Mexico  
Date of report: 1979  
Date of project: 1977  
Type of project: Survey  
County: San Juan  
LA number(s): 8970  
Project number: 65.21  
Project name: Pictured Cliffs  
Number of pages: 62  
Subject: The most concentrated use of LA 8970 took place from the Rosa-Piedra phase continuum through the Mesa Verde phase (A.D. 950-1300). Four thousand petroglyph elements were recorded, and three major design groups were found.

**Note number: 136**

Author: Oakes, Yvonne R.  
Title: A Cultural Resource Survey and Recommendation Proposal, New Mexico State Highway Department Project FLH-12(19). Toadlena Turnoff-Little Water, San Juan County, New Mexico  
Date of report: 1979  
Date of project: 1978  
Type of project: Survey  
County: San Juan  
LA number(s): 16015-16030, 7321, 7338, 7371, 7377  
Project number: 66.20  
Project name: Little Water Survey  
Number of pages: 79  
Subject: The sites span five thousand years and include an Archaic lithic site, a Basketmaker III-Pueblo I complex, two Pueblo I-Pueblo II sites, three Pueblo III sites, and one Historic Navajo structure. All are in the Chuska Valley near Little Water.\*

**Note number: 137**

Author: Oakes, Yvonne R.  
Title: Excavations at Deadman's Curve, Tijeras Canyon, Bernalillo County, New Mexico  
Date of report: 1979  
Date of project: 1976  
Type of project: Excavation  
County: Bernalillo  
LA number(s): 10794, 14258, 14259, 14261, 14857  
Project number: 65.01  
Project name: Deadman's Curve Excavation  
Number of pages: 226  
Subject: Sites excavated: LA 14258, a late Basketmaker-early Pueblo I pithouse (A.D. 700); LA 14259, a Developmental work area; LA 14261, an early Classic fieldhouse (A.D. 1300-1350); and LA 14857, a small, late Coalition pueblo (A.D. 750-1350).

**Note number: 138**

Author: Koczan, Steven A.  
Title: The Excavation of LA 13812, a Coalition Period Site in Tijeras Canyon, Bernalillo County, New Mexico  
Date of report: 1979  
Date of project: 1976  
Type of project: Excavation  
County: Bernalillo  
LA number(s): 13812  
Project number: 65.01

Project name: Deadman's Curve Excavation  
Number of pages: 27  
Subject: LA 13812 consisted of disturbed and eroded refuse originating from a Coalition-period fieldhouse or small pueblo.

**Note number: 139**  
Author: Doleman, William H., and James W. Lancaster  
Title: A Cultural Resource Inventory Incorporating Aerial Imagery near Jemez Pueblo, New Mexico  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: Sandoval  
LA number(s): 14899-14903  
Project number: 65.08  
Project name: Jemez Pueblo  
Number of pages: 27  
Subject: Five sites recorded through study of aerial imagery. Three are stone alignments and artifacts, possible shrines. LA 14899, two hearths. LA 14903, sherd and lithic scatter. Ceramic dates ca. A.D. 1300-1700.\*

**Note number: 140**  
Author: Farwell, Robin E.  
Title: Report on Archaeological Excavations of Four Sites along New Mexico State Highway I-40, Tijeras Canyon, New Mexico  
Date of report: 1975  
Date of project: 1975  
Type of project: Excavation  
County: Bernalillo  
LA number(s): 5227, 10792, 12843, 12845  
Project number: 63.17  
Project name: Tijeras Canyon Excavation  
Number of pages: 61  
Subject: Four sites tested from Developmental and Historic periods. LA 5227 was once part of historic Tijeras Plaza. LA 10792 and LA 12843 dated to the Basketmaker III-Pueblo II periods. LA 12845 was a multicomponent site.

**Note number: 141 a**  
Author: Wiseman, Reggie N.  
Title: The Blackrock Project: Archaeological Excavations on the Zuni Indian Reservation, McKinley County, New Mexico  
Date of report: 1977  
Date of project: 1976  
Type of project: Excavation  
County: McKinley  
LA number(s): 12840-12842  
Project number: 64.11  
Project name: Blackrock  
Number of pages: 207  
Subject: Excavation of two possible seasonal sites (LA 12840 and LA 12841), basalt cobble alignments with associated sherds and lithic artifacts, and a larger pueblo (LA 12842). All sites were occupied between A.D. 1050 and 1175.

Author: Wiseman, Reggie N.  
Title: Research Design for Mitigation of Adverse Impact on Archeological Sites LA 12840, LA 12841, LA 12842, Located in the Right-of-Way of Zuni Road Z301, McKinley County, New Mexico  
Date of report: 1976  
Date of project: 1976  
Type of project: Research design  
County: McKinley  
LA number(s): 12840-12842  
Project number: 64.11  
Project name: Zuni-Blackrock  
Number of pages: 13  
Subject: Research design for mitigation of sites, Zuni-Blackrock.

**Note number: 142**

Author: Farwell, Robin E.  
Title: Excavations at LA 12563: A Nineteenth and Twentieth Century Navajo Site, San Juan County, New Mexico  
Date of report: 1980  
Date of project: 1980  
Type of project: Excavation  
County: San Juan  
LA number(s): 12563  
Project number: 63.10  
Project name: LA 12563  
Number of pages: 72  
Subject: Excavation of a Navajo rock shelter and associated features, including water control devices and a dog burial. Historic and prehistoric Pueblo pottery found on the surface could not be associated with any of the features.

**Note number: 143**

Author: Wiseman, Regge N.  
Title: The Naschitti-North Project: The Excavation of Two Small Pueblo II Sites near Sheep Springs, San Juan County, New Mexico  
Date of report: 1980  
Date of project: 1975  
Type of project: Excavation  
County: San Juan  
LA number(s): 12564, 12565  
Project number: 63.10  
Project name: Naschitti North  
Number of pages: 52  
Subject: Excavation of two prehistoric sites exposed seasonal agricultural fieldhouses dating A.D. 775-850 and A.D. 950-975. Alignments indicate associated water or soil control devices.

**Note number: 144**

Author: Kayser, David W., and Allen Dart  
Title: A Supplemental Archaeological Clearance Investigation of the New Mexico Highway Department Project RS-1153(6) and FHP-42-1(102) in Largo Creek Valley, Gila National Forest  
Date of report: 1977  
Date of project: 1976  
Type of project: Survey, excavation  
County: Catron  
LA number(s): 14882, 14906-14920, 14930  
Project number: 65.10  
Project name: Gallo Excavation  
Number of pages: 67  
Subject: A survey and excavation of 23 sites. Seven sites have architectural components, seven are prehistoric water control devices, and three are prehistoric nonceramic lithic sites.\*

**Note number: 145**

Author: Maxwell, Timothy D.  
Title: Archaeological Survey of Proposed Materials Pit Locations near San Jon, New Mexico  
Date of report: 1979  
Date of project: 1979  
Type of project: Survey  
County: Quay  
LA number(s): 18700-18703  
Project number: 68.02  
Project name: San Jon  
Number of pages: 19  
Subject: Survey of borrow pits recorded five sites, prehistoric and twentieth-century homestead occupations.\*

**Note number: 146**

Author: Hoagland, Stephen R., and Denise P. Fallon  
Title: A Cultural Resource Survey and Inventory in San Juan County for the New Mexico State Highway Department Project SP-F-037-1(204) and Associated Material Pits  
Date of report: 1979  
Date of project: 1977  
Type of project: Survey  
County: San Juan

LA number(s): 15838-15839  
Project number: 65.51  
Project name: Farmington 371  
Number of pages: 34  
Subject: A modern Navajo site and one multicomponent Navajo and Pueblo site were located in the right-of-way. The first site may have been a tent camp, and the other a Navajo herdsman's camp. Clearance recommended.

**Note number: 147**

Author: Seifert, Donna J.  
Title: An Archaeological Clearance Survey of the Construction Site for the Gallery Addition to the Museum of Fine Arts. Museum of New Mexico, Santa Fe, New Mexico  
Date of report: 1979  
Date of project: 1979  
Type of project: Survey  
County: Santa Fe  
LA number(s): 930  
Project number: 68.01  
Project name: Fine Arts  
Number of pages: 21  
Subject: This site was a part of the Spanish Presidio de Santa Fe from the seventeenth century to 1821. The purpose of the survey was to assess the archaeological potential of the area.

**Note number: 148**

Author: Doleman, William H., Yvonne R. Oakes, and Al Dart  
Title: Archaeological Clearance Investigations along Seismic Testing Corridors in the Galisteo Basin Area, Santa Fe County, New Mexico, for Teledyne Exploration Company  
Date of report: 1979  
Date of project: 1976  
Type of project: Survey  
County: Santa Fe  
LA number(s): 14823-14829, 15224-15227, 15230  
Project number: 65.11  
Project name: Teledyne Survey  
Number of pages: 66  
Subject: All sites are prehistoric with the exception of a sixteenth-century site, LA 14825, and one lithic and ceramic scatter dates to A.D. 1100-1800. The prehistoric sites have stone alignments, water control devices, and fieldhouses.\*

Title: Archaeological Survey and Mitigation of Three Sites along S.R. 203 in Guadalupe County, New Mexico  
Date of report: 1979  
Date of project: 1979  
Type of project: Survey, testing  
County: Guadalupe  
LA number(s): 18119-18121  
Project number: 67.19  
Project name: Santa Rosa Bridge  
Number of pages: 43

Subject: Three prehistoric Pueblo-period ceramic and lithic artifact scatters dating A.D. 1150-1550.\*

**Note number: 151**

Author: Condon, Glenn S.  
Title: A Cultural Resource Investigation along a Proposed Right-of-Way, New Mexico 279, North of Laguna Indian Reservation, Sandoval and Valencia Counties, New Mexico  
Date of report: 1980  
Date of project: 1980  
Type of project: Survey  
County: Sandoval, Valencia  
LA number(s): 15182, 15183, 16533, 16554, 16555, 22251  
Project number: 67.02  
Project name: Laguna North  
Number of pages: 31  
Subject: Survey of six sites, including four Navajo sites and one possible Anasazi site, LA 16555.\*

**Note number: 152a**

Author: Dart, Al, and Christine D. Truter  
Title: A Cultural Resource Survey for the New Mexico State Highway Department, Project BIA-RF-031-1(21), Gamerco North, along U.S. 666, McKinley County, New Mexico  
Date of report: 1978  
Date of project: 1978  
Type of project: Survey  
County: McKinley  
LA number(s): 6853, 10822, 16126, 16127, 16136  
Project number: 41.359, 66.23  
Project name: Gamerco North Survey  
Number of pages: 28  
Subject: Five sites and four localities of Anasazi, Navajo, and Euroamerican origin.

**Note number: 152b**

Author: Maxwell, Timothy D., and James W. Lancaster  
Title: Data Recovery Plan for Cultural Resources Located within New Mexico State Highway Department Project BIA-RF-031-1(21) near Gamerco, New Mexico  
Date of report: 1983  
Date of project: 1983  
Type of project: Research design  
County: McKinley  
LA number(s): 6853, 10822, 16126-16128, 16136, 16880-16882  
Project number: 41.359  
Project name: Gamerco North Research Design  
Number of pages: 38  
Subject: Sites to be directly impacted include LA 16126, a multicomponent Archaic-Pueblo III artifact scatter; and LA 16136, an early to mid-twentieth-century Navajo structure. Three sites subject to indirect impact are LA 16127, a possible Navajo burial; LA 16128, a 1920-1950 Navajo habitation; and LA 10822, a small Pueblo II pueblo.\*

Title: An Archaeological Clearance Survey of Extensions to Borrow Pits N1, N2, and N10

Date of report: 1980  
Date of project: 1980  
Type of project: Survey  
County: San Juan  
LA number(s): 7371, 16029  
Project number: 68.16  
Project name: Nielson's 666 Pits  
Number of pages: 7  
Subject: Insufficient cultural material to require avoidance except at Borrow Pit N10, LA 16029, where further use would necessitate mitigative action. Bound with Laboratory of Anthropology Notes 161a.\*

**Note number: 162**

Author: Farwell, Robin E.  
Title: The Peach Spring Survey: A Cultural Resource Survey and Inventory along New Mexico State Road 566, McKinley County, for New Mexico State Highway Project SP-2341(400)

Date of report: 1980  
Date of project: 1977  
Type of project: Survey  
County: McKinley  
LA number(s): 15974-16006, 17148, 17149  
Project number: 66.04  
Project name: Peach Spring Survey  
Number of pages: 99  
Subject: Seventeen of the thirty-five sites surveyed are Anasazi, six are Navajo, seven are multicomponent, and five are of indeterminate cultural affiliation. Many of these sites are near LA 10770, a Chacoan outlier, and date to the Pueblo II-Pueblo III period.\*

**Note number: 163**

Author: Condon, Glenn S.  
Title: Excavations at Site LA 14893, San Juan County, New Mexico: Mitigation of a Pueblo Period Site along U.S. 666, New Mexico State Highway Department Project FLH-12(17)

Date of report: 1980  
Date of project: 1977  
Type of project: Excavation  
County: San Juan

LA number(s): 14893  
Project number: 65.49  
Project name: LA 14893  
Number of pages: 15  
Subject: Excavation of a disturbed site. No features found. Artifacts indicate a Pueblo-period occupation associated with agricultural activities.

**Note number: 164**

Author: Oakes, Yvonne R.  
Title: The Cross L Ranch Site: A Study of Plains Adaptation  
Date of report: 1979  
Date of project: 1978  
Type of project: Excavation  
County: Union  
LA number(s): 15867  
Project number: 66.22  
Project name: Cross L Ranch  
Number of pages: 165  
Subject: LA 15867 yielded evidence of prehistoric Plains Indian adaptations in the Dry Cimarron River Valley from approximately A.D. 600 to 1000. Stone-ringed structures and extensive lithic debitage.

Title: The Westridge Site: A Lithic Quarry and Workshop in Tucumcari, New Mexico: New Mexico State Highway Department Projects I-040-6(11)331 and RF-033-6(4)  
Date of report: 1980  
Date of project: 1978  
Type of project: Excavation  
County: Quay  
LA number(s): 16222  
Project number: 66.24  
Project name: Westridge Site  
Number of pages: 84  
Subject: LA 16222 was a quarry and primary reduction workshop with evidence of several distinct core reduction sequences. Possibly occupied during the Paleoindian and Archaic periods.

**Note number: 165 b**

Author: Seaman, Timothy J.  
Title: Further Discussion of the Lithic Artifact Scatters at the Westridge Site, Tucumcari, New Mexico  
Date of report: 1983  
Date of project: 1978  
Type of project: Excavation  
County: Quay  
LA number(s): 16222  
Project number: 66.24  
Project name: Westridge Site  
Number of pages: 250  
Subject: Lithic quarry excavation.

**Note number: 166**

Author: Wiseman, Reggie N.  
Title: The Carnue Project: Excavation of a Late Coalition Period Pueblo in Tijeras Canyon, New Mexico  
Date of report: 1980  
Date of project: 1975  
Type of project: Excavation  
County: Bernalillo  
LA number(s): 10794  
Project number: 63.04  
Project name: Carnue  
Number of pages: 217  
Subject: Excavation of LA 10794, a late Coalition-period pueblo (ca. A.D. 1250-1350). Surface rooms, pit structures, and a plaza area were excavated. Evidence for seasonal occupation relating to agricultural activities.

**Note number:** 167  
Author: Dart, Al  
Title: Archaeological Investigations at San Antonio de Padua, LA 24, Bernalillo County, New Mexico  
Date of report: 1980  
Date of project: 1975  
Type of project: Excavation  
County: Bernalillo  
LA number(s): 24  
Project number: 63.05  
Project name: San Antonio  
Number of pages: 410  
Subject: Excavation of multicomponent site in Tijeras Canyon. Prehistoric component had three temporally distinct room blocks. Historic component had several structures, plaza walls, corrals, and irrigation ditches.

Author: Koczan, Steven A.  
Title: An Archeological Clearance Investigation of Two Borrow Pits on the Alamo Band Navajo Reservation  
Date of report: 1980  
Date of project: 1980  
Type of project: Survey  
County: Socorro  
LA number(s): None  
Project number: 69.01  
Project name: Wylie Corporation  
Number of pages: 5  
Subject: Two borrow pits were surveyed, and no archaeological sites were found.

**Note number:** 169  
Author: Doleman, William H., James W. Lancaster, and Denise P. Fallon  
Title: Archaeological Excavations at Crownpoint, New Mexico  
Date of report: 1979  
Date of project: 1976  
Type of project: Excavation  
County: McKinley  
LA number(s): 14695-14706  
Project number: 65.05  
Project name: Crownpoint Excavation  
Number of pages: 215  
Subject: Excavation and analysis of four Basketmaker Anasazi sites. Also, eight Historic Navajo sites.

**Note number:** 170  
Author: Oakes, Yvonne R., and Timothy D. Maxwell  
Title: The Overlook Site: An Archaeological Clearance Survey near Las Vegas, New Mexico  
Date of report: 1980  
Date of project: 1980  
Type of project: Survey  
County: San Miguel  
LA number(s): 25276  
Project number: 69.04  
Project name: Las Vegas Bypass  
Number of pages: 20  
Subject: LA 25276 was an extensive lithic site in the gravel pit. A Historic dump was also recorded. Material culture analysis shows site use from Archaic times (B.C. 5000-A.D. 1) to the recent Historic period (1970).\*

Title: An Archaeological Clearance Investigation of Two Proposed Borrow Pits on Zia Indian Reservation  
Date of report: 1978  
Date of project: 1978  
Type of project: Survey  
County: Sandoval  
LA number(s): 241, 17065  
Project number: 67.15  
Project name: Brown Construction  
Number of pages: 10  
Subject: Two sites recorded within one borrow pit: LA 241, a large pueblo with a ceramic date of A.D. 1300-1700, and LA 17065, a one-room fieldhouse dating to the late eighteenth century.\*

**Note number: 177 (also published as 373)**

Author: Dart, Al  
Title: A Cultural Resource Clearance Investigation, Project BIA-RF-033-2(10): Surfacing Pits, New Mexico State Highway Department, La Jara, New Mexico  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey  
County: Sandoval  
LA number(s): 15270  
Project number: 65.48  
Project name: La Jara  
Number of pages: 12  
Subject: A lithic quarry was identified along the ridge where the surfacing pits were located, but no sites were found within the pit perimeters.\*

**Note number: 178**

Author: Farwell, Robin E.  
Title: La Bajada: A Cultural Resource Clearance Investigation for the New Mexico State Highway Department BIA-SP-2545(200) Surfacing Pit 77-1-S, Sandoval County, New Mexico  
Date of report: 1980  
Date of project: 1977  
Type of project: Excavation  
County: Sandoval  
LA number(s): 15279  
Project number: 65.26  
Project name: La Bajada Excavation  
Number of pages: 42  
Subject: Excavation of LA 15279, a lithic artifact scatter covering the top of a ridge. Cultural affiliation undetermined. The primary activity was the exploitation of terrace gravels for lithic tool manufacture.\*

**Note number: 179 a**

Author: Dart, Al, Robin Farwell, Frances L. Swadesh, and Brenda Yates  
Title: New Mexico State Highway Department Project I-IG-025-5(18) 342, Interstate 25, the Las Vegas By-Pass: Impact on Cultural Resources  
Date of report: 1978  
Date of project: 1976  
Type of project: Survey  
County: San Miguel  
LA number(s): 12981-12983, 13281, 13418-13421, 15280-15285  
Project number: 64.22  
Project name: Las Vegas Bypass  
Number of pages: 60  
Subject: Of the 14 sites recorded, two are prehistoric campsites, two prehistoric hunting or food processing sites, two historic homesteads, two sites affiliated with the Santa Fe Railroad, and one a possible Santa Fe Trail campsite.\*

Author: Swadesh, Frances L.  
Title: New Mexico State Highway Department Project I-18-025-5(18)342, Interstate 25, Las Vegas Highway Bypass: Follow-up Social, Economic, and Environmental Study  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey

County: San Miguel  
LA number(s): None  
Project number: 64.22  
Project name: Las Vegas Bypass Ethnology  
Number of pages: 20  
Subject: Recommendations for future ethnographic studies.

**Note number: 180**

Author: Koczan, Steven A.  
Title: A Cultural Resource Inventory of a Portion of the Kerr-McGee Roca Honda Uranium Claims Northwest of San Mateo, New Mexico  
Date of report: 1978  
Date of project: 1978  
Type of project: Survey  
County: McKinley  
LA number(s): 13000, 13257, 13286-13323, 15333-15369  
Project number: 65.41  
Project name: San Mateo Survey  
Number of pages: 147  
Subject: Anasazi sites (A.D. 700-1125) and Navajo occupation from 1700s into the twentieth century.\*

**Note number: 181**

Author: MacGillivray, Allen, III  
Title: A Cultural Resources Survey and Inventory for New Mexico State Highway Department Project BIA-RF-037-1-(3)  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey  
County: McKinley, San Juan  
LA number(s): 15840-15847  
Project number: 65.42  
Project name: La Vida Mission  
Number of pages: 57  
Subject: Eight sites and 17 localities recorded. Sites include Pueblo I-Pueblo II (A.D. 700-900) through Navajo (post-1900) occupation of the area.\*

**Note number: 182**

Author: Yates, Brenda R., and Valerie Plettenberg  
Title: An Archaeological Clearance Investigation for the Gulf Mineral Resource Company, Catron County, New Mexico Cibola National Forest  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey  
County: Catron  
LA number(s): 15869, 15870  
Project number: 66.05  
Project name: White Deer Canyon  
Number of pages: 13  
Subject: Two sites and one isolated occurrence located on two drill pad locations. The sites were a multiroom pueblo with a kiva and a petroglyph panel. Avoidance recommended.\*

**Note number: 183**

Author: Dart, Al  
Title: Cultural Resource Impact Statement, New Mexico State Highway Department Project BRS-1443(7), State Highway 325, East of Folsom, New Mexico  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey  
County: Union  
LA number(s): 15867  
Project number: 65.20  
Project name: Folsom East  
Number of pages: 16

Subject: LA 15867 has seven tipi rings and six unidentified stone structures. Tentatively assigned to the Panhandle aspect (A.D. 1300-1870).\*

**Note number: 184**

Author: Hoagland, Stephen R.

Title: An Archaeological Clearance Investigation of Uranium Exploration Locations North of Grants for Sunburst Energy and Research Corporation, Cibola National Forest, New Mexico

Date of report: 1977

Date of project: 1977

Type of project: Survey

County: Cibola (Valencia)

LA number(s): 15886-15891

Project number: 66.03

Project name: Sunburst Energy

Number of pages: 27

Subject: Three of six sites suggest a mobile Navajo economy based on animal husbandry. Two of these sites are temporary brush shelters, one is a corral, one is a hogan enclosure. Two sites date from the Archaic period.\*

**Note number: 185**

Author: Carter, Laura A.

Title: A Cultural Inventory for Kerr-McGee Nuclear Corp., Two Vent Holes for the Rio Puerco Drill Location, Sandoval County, New Mexico

Date of report: 1977

Date of project: 1977

Type of project: Survey

County: Sandoval

LA number(s): None

Project number: 65.27

Project name: Kerr McGee, Rio Puerco

Number of pages: 5

Subject: No archaeological resources encountered, clearance recommended.\*

**Note number: 186**

Author: Boyer, William K.

Title: Archaeological Clearance Investigation, Proposed Drill Locations for Morrison-Knudson Company, Inc., San Juan and McKinley Counties, New Mexico

Date of report: 1977

Date of project: 1977

Type of project: Survey

County: San Juan, McKinley

LA number(s): None

Project number: 65.29

Project name: Morrison-Knudson

Number of pages: 10

Subject: No cultural resources were located during this survey in the areas surrounding the drill sites or along the access corridors inspected. Archaeological clearance was recommended.\*

**Note number: 187**

Author: Kayser, David W.

Title: Report of Cultural Resources Investigations for Union Carbide Corporation, Metals Division, near Coyote, Sandoval County, New Mexico

Date of report: 1977

Date of project: 1977

Type of project: Survey

County: Sandoval

LA number(s): None

Project number: 65.46

Project name: Union Carbide

Number of pages: 6

Subject: No cultural remains were encountered within either of the two drilling areas nor along the access roads to them.\*

**Note number: 188**

Author: Farwell, Robin E.

Title: Roy North: Archaeological Clearance Investigations along New Mexico State Road 39 and the Haul Road for Borrow Pit D, for New Mexico State Highway Department Projects  
Date of report: 1979  
Date of project: 1977  
Type of project: Survey  
County: Harding  
LA number(s): 15848, 15928-15931, 15934  
Project number: 65.19  
Project name: Roy North  
Number of pages: 20  
Subject: Four of the six sites located are possible remnants of late nineteenth- or early twentieth-century homesteads. Two circular stone features were not classifiable.\*

**Note number: 189**

Author: MacGillivray, Allen, III, and Brenda R. Yates  
Title: Archaeological Monitoring along the Old Santa Fe Trail, Santa Fe, New Mexico, New Mexico State Highway Project M-4734 (2)  
Date of report: 1978  
Date of project: 1976  
Type of project: Survey  
County: Santa Fe  
LA number(s): None  
Project number: 65.09  
Project name: Santa Fe Trail Monitor  
Number of pages: 54  
Subject: Nine locales recorded with Historic artifacts reflecting residential and commercial use along the trail.

**Note number: 190**

Author: Wiseman, Regge N.  
Title: An Archeological Survey of a Portion of a Subdivision Distribution Line North of Cienega, New Mexico, for the Public Service Company  
Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: Santa Fe  
LA number(s): None  
Project number: 63.30  
Project name: Cienega North Survey  
Number of pages: 5  
Subject: No sites were encountered within or adjacent to the proposed right-of-way.

**Note number: 191**

Author: Koczan, Steven A.  
Title: Archaeological Clearance Investigation Report, Gulf Mineral Resources Company, La Aguila Project, McKinley County, New Mexico  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey  
County: McKinley  
LA number(s): None  
Project number: 65.45  
Project name: La Aguila Survey  
Number of pages: 6  
Subject: No cultural resources were encountered, and clearance for the surveyed areas was recommended.

**Note number: 192**

Author: Wiseman, Regge N.  
Title: Archaeological Survey of Five Proposed Southern Union Gas Cathodic Protection Lines near Cuba, New Mexico, for Jemez Mountains Electric Cooperative, Inc.  
Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: Sandoval  
LA number(s): None

Project number: 63.06  
Project name: Southern Union Gas Survey  
Number of pages: 13  
Subject: No sites were found, and archaeological clearance was recommended.

**Note number: 193**

Author: Koczan, Steven A.  
Title: A Cultural Resource Inventory of Two 1/2 Sections of Land near Tse Bonita School, New Mexico, for Pittsburg and Midway Mining Company  
Date of report: 1977  
Date of project: 1975  
Type of project: Survey  
County: McKinley  
LA number(s): 12801-12823  
Project number: 64.04  
Project name: Pittsburgh and Midway Survey  
Number of pages: 45  
Subject: Twenty sites threatened by mining operations. Anasazi occupation was limited to a small architectural site. Navajo occupation is represented by five hogans, eight sweat houses, one cave shelter, petroglyphs, and a lean-to.\*

**Note number: 194**

Author: Dart, Al  
Title: Cultural Resource Impact Statement, New Mexico State Park and Recreation Commission, Alamogordo, New Mexico, Project No. 66.12  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey  
County: Otero  
LA number(s): 15936-15939  
Project number: 66.12  
Project name: Oliver Lee Survey  
Number of pages: 48  
Subject: Four sites recorded during survey of Oliver Lee Memorial State Park: one twentieth-century site, two prehistoric rock shelters, and one multicomponent site.\*

**Note number: 195**

Author: Dart, Al  
Title: Cultural Resource Impact Statement for Molzen-Corbin & Associates, City of Las Vegas Wastewater Facilities, 1977 E.P.A. Project No. C-35-2034-02-0  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey  
County: San Miguel  
LA number(s): 15953-15958  
Project number: 66.14  
Project name: Molzen-Corbin Survey  
Number of pages: 21  
Subject: Six nineteenth- and twentieth-century sites recorded, all habitation sites relating to shepherding, ranching, homesteading, and the railroad.\*

**Note number: 196**

Author: Dart, Al  
Title: Cultural Resource Impact Statement for New Mexico State Park and Recreation Commission, Dog Canyon Landfill Site, Otero County, New Mexico  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey  
County: Otero  
LA number(s): 15959  
Project number: 66.15  
Project name: Dog Canyon Landfill Survey  
Number of pages: 16

Subject: Survey recorded one multicomponent site with occupation dates ranging from 4000 B.C. to A.D. 1400. Three adobe room blocks attributed to the Jornada Mogollon.\*

**Note number: 197**

Author: Wiseman, Regge N.  
Title: An Archaeological Survey for the Community Development Program, Santa Fe, New Mexico  
Date of report: 1978  
Date of project: 1977  
Type of project: Survey  
County: Santa Fe  
LA number(s): 15962-15973  
Project number: 66.02  
Project name: Buckman Survey  
Number of pages: 70  
Subject: Twelve archaeological sites, 314 localities, 83 hearths, 14 circular rock concentrations, 80 erosion control devices, an abandoned railroad grade, and a Historic trail between Tesuque Pueblo and Santa Fe.\*

**Note number: 198**

Author: Nemaric, Juan C.  
Title: An Archaeological Clearance Survey for the Gulf Mineral Resources, Inc., Cibola National Forest, New Mexico  
Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: McKinley, Valencia  
LA number(s): None  
Project number: 64.13  
Project name: Gulf Mineral Survey  
Number of pages: 6  
Subject: No sites were found, and archaeological clearance was given.\*

**Note number: 199**

Author: Lancaster, James W., and Brenda Yates  
Title: An Archaeological Clearance Investigation of Twelve Proposed Drill Hole Locations and Access Roads near Socorro, New Mexico  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: Socorro  
LA number(s): 14762  
Project number: 65.12  
Project name: Salt River Survey  
Number of pages: 15  
Subject: One pithouse site dating to A.D. 1000-1200.\*

**Note number: 200**

Author: Doleman, William H.  
Title: Archaeological Clearance Survey of Proposed Drill Locations, San Juan County, New Mexico, Prepared for Morrison-Knudsen Company, Inc.  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: San Juan  
LA number(s): None  
Project number: 65.29  
Project name: Morrison-Knudsen  
Number of pages: 7  
Subject: All drill sites and access corridors in the area were surveyed, and no cultural resources were found.

**Note number: 201**

Author: Kelly, Jane Holden, and Stewart L. Peckham  
Title: Two Fragmentary Pithouse Sites near Mayhill, New Mexico  
Date of report: 1962  
Date of project: 1955  
Type of project: Excavation

County: Otero  
LA number(s): 3323, 3249  
Project number: None  
Project name: Mayhill Excavation  
Number of pages: 19  
Subject: Excavation of two late Capitan-early Three Rivers phase sites. LA 3323, two fragmentary pithouses and two storage pits. LA 3249, partial pithouse destroyed by fire.

**Note number: 202**  
Author: Oakes, Yvonne R.  
Title: A Cultural Resource Investigation of the Nageezi Area, San Juan County, New Mexico, for the Salt River Project  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: San Juan  
LA number(s): 14707-14729, 14788  
Project number: 65.07  
Project name: Salt River Survey  
Number of pages: 63  
Subject: Cultural resources were recorded at eight drill locations. Of the 16 sites, one is a prehistoric Chacoan road, and the others are Navajo sites, hearth sites, and lithic sites.\*

**Note number: 203**  
Author: Seaman, Timothy J.  
Title: An Archaeological Clearance Investigation of the Four Corners-Ambrosia-West Mesa Transmission Line, Northwestern, New Mexico  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: San Juan, McKinley, Valencia  
LA number(s): 6740, 10387, 10395-10397, 10460-10475  
Project number: 64.19  
Project name: Four Corners-Ambrosia-West Mesa  
Number of pages: 49  
Subject: A survey of 150 miles recorded eight Historic Navajo sites, five prehistoric pueblo sites (A.D. 500-1200), and eight nonceramic sites.\*

**Note number: 204**  
Author: Snow, David H.  
Title: Archaeological Clearance Survey of Proposed Drill Locations, Western Sandoval County, New Mexico  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: Sandoval  
LA number(s): None  
Project number: 65.29  
Project name: Morrison-Knudsen  
Number of pages: 7  
Subject: No cultural resources were found within two proposed drill locations or along the access road. Clearance was recommended.\*

**Note number: 205**  
Author: Condon, Glenn S., and William Doleman  
Title: Archaeological Clearance Investigation Report, New Mexico State Highway Department Project SP-F-031-1 (400), Shiprock (North), New Mexico  
Date of report: 1977  
Date of project: 1976  
Type of project: Survey  
County: San Juan  
LA number(s): 14808  
Project number: 65.18  
Project name: Shiprock Survey  
Number of pages: 12  
Subject: No cultural resources were located within or adjacent to the borrow pits or haul roads. Clearance recommended.\*

**Note number:** 206  
Author: Wilson, John P.  
Title: Archaeological Clearance Investigation, Tucson Gas and Electric Company San Juan-Vail Transmission Line, New Mexico-Arizona.  
Date of report: 1972  
Date of project: 1972  
Type of project: Survey  
County: Cibola (Valencia), Catron  
LA number(s): 3984-4037  
Project number: 59.10  
Project name: Tucson Gas Survey  
Number of pages: 94  
Subject: These 55 sites all predate the fourteenth century except one Historic site and two multicomponent sites. The sites range from a single artifact to a large pueblo. The oldest remains are Archaic campsites.\*

**Note number:** 207  
Author: Wiseman, Regge N.  
Title: Archaeological Clearance Investigation for the Tucson Gas and Electric Company, 345 KV San Juan-Vail Transmission Line, New Mexico-Arizona  
Date of report: 1973  
Date of project: 1971  
Type of project: Survey  
County: McKinley  
LA number(s): 6189, 8963-8969, 11236, 11458-11474  
Project number: 59.10  
Project name: Tucson Gas Survey  
Number of pages: 81  
Subject: Forty-one prehistoric and Historic sites were recorded, including sherd scatters, pithouse communities, pueblos, sweat lodges, hogans, and petroglyphs dating from Basketmaker II through the Kintiel phase.\*

**Note number:** 208  
Author: Wiseman, Regge N.  
Title: A Cultural Resource Investigation of a Proposed Electric Distribution Line Across State Trust Land Northeast of Cerrillos, Santa Fe County, New Mexico  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: Santa Fe  
LA number(s): None  
Project number: 63.03  
Project name: Cerrillos Survey  
Number of pages: 6  
Subject: No cultural remains were recorded, and clearance was recommended.

**Note number:** 209  
Author: Condon, Glenn S., and Steven A. Koczan  
Title: Cultural Resource Investigation and Recommendation Report, New Mexico State Highway Department Project FLH-12 (17), FLH-12 (18) 2, Nine Miles North of Sheep Springs, New Mexico  
Date of report: 1977  
Date of project: 1976  
Type of project: Survey  
County: San Juan  
LA number(s): 14893-14898, 3220, 3221  
Project number: 65.22  
Project name: Newcomb Survey  
Number of pages: 66  
Subject: Only one of eight sites was in one right-of-way. In the other right-of-way, there were four prehistoric Anasazi sites, three Historic Navajo sites, and a disturbed hearth of unknown cultural affiliation.\*

**Note number:** 210  
Author: Wiseman, Regge N.  
Title: An Archaeological Clearance Investigation of a Proposed NMSHD District Three Maintenance Pit near Jemez Pueblo, New Mexico  
Date of report: 1976

Date of project: 1975  
Type of project: Survey  
County: Sandoval  
LA number(s): 13196  
Project number: 63.03-8  
Project name: Jemez Pueblo  
Number of pages: 7  
Subject: This survey of a borrow pit recorded one site, LA 13196. Four components range in age from Basketmaker III to Pueblo IV. Features include a circular rock concentration, petroglyphs, a two-to-six-room fieldhouse, two pit structures, and a sherd area.\*

**Note number: 211**

Author: Wiseman, Regge N.  
Title: An Archaeological Survey of the New Mexico State Highway Department Surfacing Pit and Borrow Pits for New Mexico Project RF-052-1 9100, Rio Arriba County, New Mexico  
Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: Rio Arriba  
LA number(s): None  
Project number: 63.03-15  
Project name: Chili Survey  
Number of pages: 4  
Subject: No sites were found, and archaeological clearance was recommended.

County: Not applicable  
LA number(s): None  
Project number: 53.01  
Project name: Historic Sites Inventory  
Number of pages: 46  
Subject: Inventory and description of 25 Historic sites in New Mexico.\*

**Note number: 213 a**

Author: Snow, David H., and Stewart L. Peckham  
Title: Cultural Resource Inventory and Assessment: Tracts 8, 9, and 10, Bernabe Montano Grant, Laguna Reservation, New Mexico  
Date of report: 1976  
Date of project: 1970  
Type of project: Survey  
County: Sandoval, Bernalillo  
LA number(s): 10356-10552  
Project number: 59.05  
Project name: Bernabe Montano Survey  
Number of pages: 13  
Subject: The original survey recorded 196 sites, Archaic through mid-eighteenth century Spanish Colonial. Six sites were further investigated: a Historic house (A.D. 1900-1930), a Pueblo III pueblo, three lithic scatters, and a Navajo hogan foundation.\*

**Note number: 213 b**

Author: Peckham, Stewart L.  
Title: An Archaeological Survey of Continental Oil Company Uranium Lease Areas, Bernabe M. Montano Grant, Laguna Indian Reservation, New Mexico  
Date of report: 1976  
Date of project: 1970  
Type of project: Survey  
County: Sandoval, Bernalillo  
LA number(s): 10356-10552  
Project number: 59.05, 65.33

Project name: Bernabe Montano Survey  
Number of pages: 13, and 195 pages of site descriptions  
Subject: Of the 211 sites recorded, 60 showed evidence of occupation. Bound with Laboratory of Anthropology Notes 213a.\*

**Note number: 214**

Author: Wilson, John P., and Stewart L. Peckham  
Title: Draft Environmental Impact Statement, 345 KV Transmission Line from San Juan Power Plant to Tucson: Probably Effects on Prehistoric and Historic Paleontological Remains along the New Mexico Portion of the Right-of-way

Date of report: 1971  
Date of project: 1971  
Type of project: Survey  
County: San Juan, McKinley  
LA number(s): 6189, 8963-8969, 11236, 11458-11474  
Project number: 59.10  
Project name: San Juan-Tucson Survey  
Number of pages: 17  
Subject: Fifty-four sites dating A.D. 500-1300 and a few nineteenth-twentieth century Navajo occupations were recorded. Bound with Laboratory of Anthropology Notes 215.\*

**Note number: 215**

Author: Peckham, Stewart L.  
Title: Preliminary Report of an Archaeological Survey of the Tucson Gas and Electric Company 345 KV Transmission Line between the San Juan Power Plant and the New Mexico-Arizona Boundary

Date of report: 1971  
Date of project: 1971  
Type of project: Survey  
County: San Juan, McKinley  
LA number(s): 6189, 8963-8969, 11236, 11458-11474  
Project number: 59.10  
Project name: Tucson Gas Survey  
Number of pages: 50  
Subject: Most of the 54 sites recorded on this survey were prehistoric (A.D. 500-1300), and a few dated from nineteenth- and twentieth-century Navajo occupations. Bound with Laboratory of Anthropology Notes 214.\*

**Note number: 216 a**

Author: Harris, Arthur H., James Schoenwetter, and A. Helene Warren  
Title: An Archaeological Survey of the Chuska Valley and the Chaco Plateau of New Mexico, Part I  
Date of report: 1967  
Date of project: 1967  
Type of project: Survey  
County: San Juan  
LA number(s): 1,697 sites, on file in site survey room  
Project number: 48.01 (61.10)  
Project name: Chuska  
Number of pages: 160  
Subject: "The Land in the Chuska"; "Ecological: Geographic Distribution of Vertebrates in the Shiprock Area"; "Pollen Survey of the Chuska Valley"; "Petrographic Analysis of Pottery and Lithics."

**Note number: 216 b**

Author: Peckham, Stewart L., and John P. Wilson  
Title: An Archaeological Survey of the Chuska Valley and the Chaco Plateau of New Mexico, Part II  
Date of report: 1967  
Date of project: 1967  
Type of project: Survey  
County: San Juan  
LA number(s): 1,697 sites, on file in site survey room  
Project number: 48.01 (61.10)  
Project name: Chuska  
Number of pages: 128  
Subject: "Intrusive Pottery Types"; "Ceramic Groups"; "Cultural Ecology."

Title: The La Jara Site: Archaeological Investigations of a Historic Shepherding Camp and Prehistoric Cultural Remains  
Date of report: 1981  
Date of project: 1979  
Type of project: Survey  
County: Sandoval  
LA number(s): 20155  
Project number: 68.12  
Project name: La Jara Survey  
Number of pages: 95  
Subject: Excavation of LA 20155. Prehistoric trash associated with a Gallina-phase pithouse (not excavated). The Historic component was a shepherd's camp dating to 1906 or 1907.\*

**Note number: 263**

Author: Wiseman, Reggie N.  
Title: An Archeological Survey of a One and Three-Quarters Section Tract near Borrego Pass, McKinley County, New Mexico, for Continental Oil Company  
Date of report: 1975  
Date of project: 1975

Type of project: Survey  
County: McKinley  
LA number(s): 12900-12909  
Project number: 63.15  
Project name: Continental Oil Survey  
Number of pages: 9  
Subject: Ten sites, late nineteenth- to twentieth-century Navajo occupations, to be flagged during drilling.\*

**Note number: 264**

Author: Fallon, Denise P., Brenda R. Yates, and James W. Lancaster  
Title: An Archaeological Survey for the Proposed Santa Fe Land Application Project, Santa Fe County, New Mexico  
Date of report: 1978  
Date of project: 1978  
Type of project: Survey  
County: Santa Fe  
LA number(s): 16691-16693, 16769, 16773  
Project number: 67.04  
Project name: Santa Fe Wastewater  
Number of pages: 38  
Subject: Five Historic sites consisting of two seventeenth- and eighteenth-century Spanish Colonial ranchos and three post-1900 Spanish homestead sites.\*

**Note number: 265**

Author: Bussey, Stanley D.  
Title: Archaeological Surveys and Salvage Excavations along the Main Canal of the Navajo Indian Irrigation Project and the Hammond Irrigation Project, Northeastern New Mexico  
Date of report: 1973  
Date of project: 1956  
Type of project: Survey, excavation  
County: San Juan  
LA number(s): 658-667, 3009, 3341, 3348, 3355-3363, 3365-3369, 3371-3373, 3377, 3454, 3461-3471, 4069  
Project number: 48.01  
Project name: NIIP Survey  
Number of pages: 393  
Subject: Sixty-seven sites surveyed, ranging from the Archaic to the Lucero phase. Three Rosa-phase pithouses excavated. The survey is part of a larger project, which recorded 454 sites -- Archaic, Anasazi, Navajo, and Spanish American. On microfiche only.\*

Author: Peckham, Stewart L.  
Title: The Piojo Dunes Site (LA 13669): Archaeological Investigation in Southwestern Sandoval County, New Mexico  
Date of report: 1980  
Date of project: 1980  
Type of project: Survey, excavation  
County: Sandoval  
LA number(s): 13669  
Project number: 65.27  
Project name: Piojo Excavation  
Number of pages: 168  
Subject: Testing of LA 13669, a multicomponent lithic artifact site. Evidence for use during Paleoindian, Archaic, and Historic (Navajo) periods.

**Note number: 267**

Author: Seaman, Timothy J.  
Title: An Archaeological Clearance Survey for Gardner & Gardner Associates, Tijeras, New Mexico  
Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: Bernalillo  
LA number(s): None  
Project number: 64.16  
Project name: Tranquillo Pines Survey  
Number of pages: 3  
Subject: No sites recorded. Clearance recommended.

**Note number:** 268  
Author: Koczan, Steven A.  
Title: An Archaeological Clearance Investigation near Church Rock, New Mexico, for United Nuclear Corp.  
Date of report: 1974  
Date of project: 1971  
Type of project: Survey  
County: McKinley  
LA number(s): 11617, 11618  
Project number: 63.19  
Project name: United Nuclear  
Number of pages: 7  
Subject: LA 11617 is a one-room fieldhouse. LA 11618 is a sherd area, Pueblo II-III (A.D. 1000-1125), and a recent Navajo shelter probably related to sheep raising.\*

Author: Grochowski, Stanley G., Steven A. Koczan, and Guadalupe A. Martinez  
Title: Historic Artifact Collection Handbook  
Date of report: Not published  
Date of project: 1981  
Type of project: Excavation  
County: San Miguel  
LA number(s): 13418-13421, 15281-15285  
Project number: 67.01, 67.08, 67.09, 67.10  
Project name: Las Vegas Bypass  
Number of pages: 408  
Subject: Photographic catalogue of historic artifacts.

**Note number:** 271  
Author: Wiseman, Regge N.  
Title: An Archaeological Clearance Investigation of a Surfacing Pit for J. W. Jones Construction Co.  
Date of report: 1980  
Date of project: 1980  
Type of project: Survey  
County: Sandoval  
LA number(s): 22174  
Project number: 68.18  
Project name: Jones Pit  
Number of pages: 6  
Subject: LA 22174 is presumed to be a twentieth-century Apache or Navajo temporary camp just outside of pit area. No sites within project area.\*

**Note number:** 272  
Author: Koczan, Steven A.  
Title: Cultural Resources Investigations at Bis Deezahi, Newcomb Flats, Jim John, and Bush Mound Sites near Newcomb, New Mexico  
Date of report: 1981  
Date of project: 1979  
Type of project: Excavation  
County: San Juan  
LA number(s): 3220, 3221, 7113, 14894  
Project number: 65.50  
Project name: Newcomb Excavation  
Number of pages: 140  
Subject: Excavation of two prehistoric and two Navajo sites in the Chuska Valley. The prehistoric sites were fieldhouses. The Historic sites were an early twentieth-century Navajo habitation site and an early twentieth-century tent camp.

**Note number:** 273  
Author: Koczan, Steven A.  
Title: An Archaeological Survey of the Peabody Coal Company Mining Lease, Star Lake, New Mexico  
Date of report: 1975  
Date of project: 1975

County: San Juan

LA number(s): 8727, 12753-12756  
Project number: 64.07  
Project name: Peabody Mining Lease  
Number of pages: 3  
Subject: Four previously recorded sites.\*

**Note number: 274 a**

Author: Peckham, Stewart L.  
Title: An Archaeological Survey of a Proposed AT&T Co. Buried Cable Route between Clovis and Zuni, New Mexico  
Date of report: 1973  
Date of project: 1972  
Type of project: Survey  
County: Cibola  
LA number(s): 10734-10740, 10742-10751, 10762, 10763, 10765, 10766, 10830  
Project number: 60.10  
Project name: Clovis-Zuni AT&T  
Number of pages: 42  
Subject: Thirty-three sites recorded, 6000 B.C.-A.D. 500 up to prehistoric Pueblo period (A.D. 500-1500).

**Note number: 274 b**

Author: Peckham, Stewart L.  
Title: An Archeological Survey of a Portion of a Proposed American Telephone and Telegraph Company Buried Cable Route on the Laguna Indian Reservation, New Mexico  
Date of report: 1973  
Date of project: 1973  
Type of project: Survey  
County: Cibola  
LA number(s): 10739-10746  
Project number: 60.10  
Project name: Laguna AT&T  
Number of pages: 11  
Subject: Eight small sites, ca. 6000 B.C.-A.D. 1700. Testing recommended at three sites.

**Note number: 275**

Author: Hannaford, Charles A.  
Title: Archaeological Survey and Testing of Sites along U.S. 70 in Chaves and Lincoln Counties, New Mexico  
Date of report: 1981  
Date of project: 1980  
Type of project: Survey, testing  
County: Chaves, Lincoln  
LA number(s): 19201, 22272-22291, 27572-27574  
Project number: 69.07  
Project name: Roswell, Riverside  
Number of pages: 118  
Subject: Seven lithic sites, seven isolated occurrences of lithic material, and ten twentieth-century sites. The lithic scatters were considered quarry locations. The twentieth-century sites are probably cattle and sheep ranches.\*

Author: Seaman, Timothy J., and James W. Lancaster  
Title: An Inventory of Cultural Resources on the Mescalero Apache Indian Reservation for the New Mexico State Highway Department Project FFD-021-1(21-26)  
Date of report: 1981  
Date of project: 1981  
Type of project: Survey  
County: Otero  
LA number(s): 30949-30955  
Project number: 69.12  
Project name: Mescalero Survey  
Number of pages: 71  
Subject: Seven sites, three Historic and four related to the prehistoric Jornada Mogollon.\*

**Note number: 277**

Author: Oakes, Yvonne R.  
Title: Prehistoric Subsistence Adaptations on White Sands Missile Range

Date of report: 1981  
Date of project: 1980  
Type of project: Testing  
County: Doña Ana  
LA number(s): 22262-22271, 19200, 29564  
Project number: 69.09  
Project name: White Sands Testing  
Number of pages: 147  
Subject: Testing of 12 prehistoric sites ranging from Archaic to late Mesilla phase. Sites were predominantly lithic and sherd scatters with hearths and roasting pits. One site with structures.

**Note number: 278**

Author: Post, Stephen S.  
Title: A Cultural Resource Investigation at San Juan Pueblo, Rio Arriba County, New Mexico  
Date of report: 1981  
Date of project: 1981  
Type of project: Testing  
County: Rio Arriba  
LA number(s): 59  
Project number: 70.08  
Project name: San Juan Housing  
Number of pages: 10  
Subject: Archaeological testing revealed no significant cultural manifestations. Occupants are thought to have been involved in agriculture. LA 13812 is a Coalition-period site (A.D. 1300).\*

**Note number: 279**

Author: Oakes, Yvonne R.  
Title: An Archaeological Survey near Dilia, New Mexico  
Date of report: 1981  
Date of project: 1981  
Type of project: Survey  
County: Guadalupe  
LA number(s): 31781-783  
Project number: 70.02  
Project name: Dilia  
Number of pages: 33  
Subject: The survey recorded two extensive Archaic lithic artifact scatters and one twentieth-century sheep camp.\*

Author: Post, Stephen S.  
Title: Archaeological Testing for a House Construction at Nambe Pueblo, Santa Fe County, New Mexico  
Date of report: 1981  
Date of project: 1981  
Type of project: Testing  
County: Santa Fe  
LA number(s): 17  
Project number: 70.10  
Project name: Nambe Pueblo Testing  
Number of pages: 13  
Subject: Test trenches were made in the proposed house area. No features were found, and clearance was recommended.

**Note number: 281**

Author: Wiseman, Regge N.  
Title: The Recovery and Description of Human Remains from a Prehistoric Site at Fort Stanton, New Mexico  
Date of report: 1981  
Date of project: 1981  
Type of project: Excavation  
County: Lincoln  
LA number(s): 18165, 20298, 33062  
Project number: None  
Project name: Remains at Fort Stanton  
Number of pages: 16  
Subject: Excavation of prehistoric site LA 33062. Grab sample of sherds and lithics indicates a Capitan-phase occupation. Habitation sites LA 18165 and LA 20298 dated to A.D. 500-900.\*

**Note number:** 282  
Author: Post, Stephen S., and David H. Snow  
Title: Archaeological Investigations for the Gallery Addition to the Museum of Fine Arts  
Date of report: 1982  
Date of project: 1979  
Type of project: Excavation  
County: Santa Fe  
LA number(s): 930  
Project number: 69.02  
Project name: Fine Arts Gallery Addition  
Number of pages: 24  
Subject: Extensive subsurface sampling of the area located components from the Spanish Colonial period and the Fort Marcy Military Reservation.

**Note number:** 283  
Author: Lancaster, James W.  
Title: Recording of Archaeological Sites along the La Plata Highway, San Juan County, New Mexico  
Date of report: 1982  
Date of project: 1982  
Type of project: Survey  
County: San Juan  
LA number(s): 37586-37626, 1897, 1903, 1926, 3293  
Project number: 41.309 (70.04)  
Project name: La Plata  
Number of pages: 87  
Subject: This survey recorded 43 prehistoric sites, the majority of which are the remains of small two- or three-room cobble structures and date to Pueblo II-Pueblo III. Of four Historic sites, two appear to be homesteads dating to 1900, and two are somewhat more recent.\*

**Note number:** 284  
Author: Honea, Kenneth H.  
Title: The Diablo Complex of the San Pedro Stage at Gila Hot Springs, New Mexico  
Date of report: 1963  
Date of project: 1963  
Type of project: Excavation  
County: Grant  
LA number(s): 6535  
Project number: 51.08  
Project name: Gila Hot Springs  
Number of pages: 45  
Subject: The site was a single-component, open campsite with associated hearths, a local component of the San Pedro phase of the Cochise Culture.

**Note number:** 285  
Author: Johnson, Chester R., Jr.  
Title: Explorations at Victoria Peak

Date of project: 1963  
Type of project: Survey  
County: Doña Ana  
LA number(s): 2527  
Project number: 52.02  
Project name: Victoria Peak  
Number of pages: 30  
Subject: Excavation revealed Archaic through Mogollon occupation at Victoria Peak. Draft copy only.

**Note number:** 286  
Author: Koczan, Steven A.  
Title: Preliminary Report of Museum of New Mexico Participation and Archaeological Findings at Victorio Peak, White Sands Missile Range, New Mexico  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey  
County: Doña Ana

LA number(s): None  
Project number: 64.31  
Project name: Expeditions Unlimited  
Number of pages: 5  
Subject: Monitoring of treasure hunting activity in vicinity of Victoria Peak.\*

**Note number: 287**

Author: Wiseman, Regge N.  
Title: An Archeological Survey of the Filon Corporation Distribution Line near Johnson's Trading Post, New Mexico, for Jemez Mountains Electric Cooperative  
Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: Sandoval  
LA number(s): 12848  
Project number: 63.06  
Project name: Filon Corporation, Jemez Electric  
Number of pages: 8  
Subject: One site, a Historic homestead, was located, and clearance was recommended.\*

**Note number: 288**

Author: Wiseman, Regge N.  
Title: Archeological Survey of Two Southern Union Gas Cathodic Protection Drop Lines near Cuba, New Mexico, for Jemez Mountains Electric  
Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: Sandoval  
LA number(s): None  
Project number: 63.06  
Project name: Jemez Electric  
Number of pages: 5  
Subject: No site was found within or adjacent to the right-of-way. Clearance recommended.

**Note number: 289**

Author: Hannaford, Charles A.  
Title: Survey and Testing of LA 33221 for the New Mexico State Highway Department Project HES-F-028-1(4)  
Date of report: 1982  
Date of project: 1982  
Type of project: Survey, testing  
County: Otero  
LA number(s): 33221  
Project number: 41.315 (70.18)  
Project name: Cloudcroft Survey  
Number of pages: 30  
Subject: Testing of an extensive chipped stone scatter with small numbers of sherds and ground stone artifacts. Evidence for use as a tool manufacturing site during Archaic and Mogollon periods. Further investigation proposed (see Laboratory of Anthropology Notes 318).\*

**Note number: 290**

Author: Novick, Elisa A.  
Title: Preliminary Test Excavations at the Taylor Ranch Site  
Date of report: 1982  
Date of project: 1982  
Type of project: Testing  
County: Bernalillo  
LA number(s): 33223  
Project number: 70.14  
Project name: Taylor Ranch  
Number of pages: 24  
Subject: Testing of LA 33223, an Anasazi Pueblo IV site at the Montano crossing of the Rio Grande in Albuquerque. Identifiable stratigraphic levels and numerous artifacts indicated substantial and long-term occupation of the site.\*

**Note number:** 291  
Author: Groody, Kathleen  
Title: Survey and Testing along N.M. State Road 117: The York Ranch Project  
Date of report: 1982  
Date of project: 1982  
Type of project: Survey, testing  
County: Cibola  
LA number(s): 11788, 34885-34887, 34889, 34890, 34892-34895, 35448, 35449  
Project number: 70.11  
Project name: York Ranch Survey  
Number of pages: 51  
Subject: Sixteen sites recorded, including seasonal field shelters and lithic artifact and ceramic scatters dating to the Cebolleta and Pilares phases.\*

**Note number:** 292  
Author: Condon, Glenn S.  
Title: Cultural Resource Assessment of Two Archaeological Sites Located Within the Proposed Right-of-way of NMSHD Project I-025-5(61)261, La Bajada Hill, Santa Fe County, New Mexico  
Date of report: 1982  
Date of project: 1982  
Type of project: Survey  
County: Santa Fe  
LA number(s): 35281, 35282  
Project number: 41.316 (70.22)  
Project name: La Bajada  
Number of pages: 14  
Subject: A single-room structural site contains significant information concerning Pueblo IV farming strategies, and a full-scale excavation program has been recommended (see Laboratory of Anthropology Notes 320). One other site, an indeterminate artifact scatter, was also recorded.\*

**Note number:** 293  
Author: Cronk, Lynn E.  
Title: Archeological Excavations at a 1920s Navajo Temporary Campsite Located near Moncisco Wash in Northwestern New Mexico  
Date of report: 1989  
Date of project: 1982  
Type of project: Excavation  
County: San Juan  
LA number(s): 20239  
Project number: 69.08  
Project name: Moncisco Wash Excavation  
Number of pages: 87  
Subject: Excavation of early twentieth-century Navajo campsite.

**Note number:** 294  
Author: Cronk, Lynn E.  
Title: Archeological Testing at LA 31675, LA 31676, LA 31677, LA 31678, and LA 31679, near Pinabete Arroyo, Northwestern New Mexico  
Date of report: 1990  
Date of project: 1981  
Type of project: Testing  
County: San Juan  
LA number(s): 31675-31679  
Project number: 70.06  
Project name: Brown's Pit  
Number of pages: 67  
Subject: Five sites can be viewed as one large multicomponent site. The lithic component dates from Archaic through early Basketmaker time. The Navajo component indicates continuous, low-level occupation from the late 1800s into the 1920s.\*

**Note number:** 295  
Author: Condon, Glenn S.  
Title: Little Water Project: An Archaeological Investigation of Seven Sites in the Chuska Valley, Northwestern New Mexico

Date of report: 1990  
Date of project: 1982  
Type of project: Excavation  
County: San Juan  
LA number(s): 16020-16022, 16026, 16028, 16029, 20975  
Project number: 67.21  
Project name: Little Water Excavation  
Number of pages: 350  
Subject: Seven archaeological sites were investigated: one Archaic dune site, three Pueblo II sherd scatters, one Pueblo II fieldhouse, and one extensive Basketmaker III-Pueblo I pithouse village.

**Note number: 296**

Author: Condon, Glenn S.  
Title: An Archaeological Investigation of Two Lithic Sites in Catron County, New Mexico  
Date of report: 1984  
Date of project: 1981  
Type of project: Excavation  
County: Catron  
LA number(s): 29443, 30630  
Project number: 70.01, 70.05  
Project name: Alma Bridge-Horse Springs  
Number of pages: 65  
Subject: Report on the excavation of two nondiagnostic lithic artifact scatters. LA 30630 assemblage interpreted as situational gear, characteristic of expedient reduction technology. Activities at LA 29443 focused on producing hunting tool kit.

**Note number: 297**

Author: Farwell, Robin E., Yvonne R. Oakes, and Reggie N. Wiseman  
Title: Excavations in the Sacramento Mountains, Lincoln County, New Mexico: Pithouses, Pipelines, and Homesteads  
Date of report: 1992  
Date of project: 1982  
Type of project: Excavation  
County: Lincoln  
LA number(s): 702, 2315, 16297-16488  
Project number: 41.306 (67.16)  
Project name: Angus Excavation (also see Archaeology Notes 276)  
Number of pages: 125  
Subject: Eight archaeological sites were impacted by highway construction: four pithouse villages (A.D. 1150-1350), two middens, and two historic (pre-1920s) sites.

**Note number: 298**

Author: Farwell, Robin E.  
Title: A Cultural Resource Clearance Investigation along New Mexico State Road 37, Lincoln County, for New Mexico State Highway Department Project No. RS-1226 (6)  
Date of report: 1978  
Date of project: 1978  
Type of project: Survey  
County: Lincoln  
LA number(s): 702, 2315, 16297-16302, 16488  
Project number: 41.306 (67.16)  
Project name: Angus Survey  
Number of pages: 25  
Subject: Survey recorded nine sites: five prehistoric Jornada Mogollon (A.D. 900-1100) and four Historic, dating to the early twentieth century, including a National Register wood stave water pipeline.\*

**Note number: 299**

Author: Farwell, Robin E., and Karen Wening  
Title: The Pictured Cliffs Project Petroglyphs and Talus Shelters in San Juan County, New Mexico  
Date of report: 1985  
Date of project: 1981  
Type of project: Excavation  
County: San Juan  
LA number(s): 8970  
Project number: 41.308

Project name: Pictured Cliffs  
Number of pages: 155  
Subject: Rock art at this State Register site was recorded. Excavation of associated rock shelters and a surface room dating to Pueblo II-Pueblo III. Also, an Archaic lithic artifact scatter.

**Note number: 300**

Author: Kinslow, Paul D., and Kathleen Groody  
Title: Report of Impact of Proposed Highway Construction on the Pictured Cliffs Site, LA 8970, New Mexico Highway Department Project F-032-1 (17), near Waterflow, New Mexico  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey  
County: San Juan  
LA number(s): 8970  
Project number: 65.21  
Project name: Pictured Cliffs  
Number of pages: 20  
Subject: Survey and photographic documentation of 4,000 petroglyphs at LA 8970. Inventory of petroglyphs and associated features to be affected by highway construction.

**Note number: 301**

Author: Lancaster, James W.  
Title: The Testing of Three Archaeological Sites along the La Plata Highway, San Juan County, New Mexico  
Date of report: 1982  
Date of project: 1982  
Type of project: Testing  
County: San Juan  
LA number(s): 37586, 37587, 37608  
Project number: 41.309 (70.04)  
Project name: La Plata Testing  
Number of pages: 23  
Subject: Three Pueblo I-Pueblo III sites, two with structures and one a sherd scatter.

**Note number: 302**

Author: Nematic, Juan C.  
Title: Archaeological Clearance Survey, San Ildefonso Sacred Land  
Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: Santa Fe  
LA number(s): 12828-12833  
Project number: 63.12  
Project name: San Ildefonso Sacred Land  
Number of pages: 17  
Subject: Preliminary archaeological reconnaissance of the area. Six Rio Grande Coalition and Classic sites recorded. Complete survey of area advised.\*

**Note number: 303**

Author: Maxwell, Timothy D., and Stephen S. Post  
Title: The Cathedral Cliff Site: A Multicomponent Lithic Scatter in the Chuska Valley  
Date of report: 1982  
Date of project: 1982  
Type of project: Excavation  
County: San Juan  
LA number(s): 36194  
Project number: 71.02  
Project name: Cathedral Cliff Site  
Number of pages: 27  
Subject: Excavation of LA 36194, multicomponent site with Archaic artifacts dating to the Bajada phase (4800-3200 B.C.) and Anasazi materials dating to A.D. 850-950. Nearby Navajo occupation also recorded.\*

**Note number: 304**

Author: Oakes, Yvonne R.  
Title: Testing Results and Proposed Research Design for Colfax, New Mexico

Date of report: 1982  
Date of project: 1982  
Type of project: Survey  
County: Colfax  
LA number(s): 35458  
Project number: 70.21  
Project name: Colfax Survey  
Number of pages: 33  
Subject: This survey exposed three areas of cultural resources related to the twentieth-century community of Colfax: the town of Colfax, a shantytown, and a trash dump. Recommendations made for excavation.\*

**Note number: 305**

Author: Oakes, Yvonne R.  
Title: Prehistoric Gathering Sites near Hackberry Lake, Eddy County, New Mexico  
Date of report: 1982  
Date of project: 1982  
Type of project: Testing  
County: Eddy  
LA number(s): 36561-36563  
Project number: 71.03  
Project name: Hackberry Lake  
Number of pages: 57  
Subject: Testing of three artifact scatters with hearths and pits. Carbon-14 dates place one site at A.D. 750-910 and another at A.D. 1000-1160.\*

**Note number: 306**

Author: Lancaster, James W., and Timothy J. Seaman  
Title: The Sabinoso Pit Site, San Miguel County, New Mexico  
Date of report: 1982  
Date of project: 1982  
Type of project: Excavation  
County: San Miguel  
LA number(s): 43230  
Project number: 71.04  
Project name: Sabinoso Pit  
Number of pages: 34  
Subject: Excavation of LA 43230, a diffuse lithic artifact scatter. Evidence for quarrying and expedient reduction of local gravels. Nondiagnostic.

**Note number: 307**

Author: Seaman, Timothy J.  
Title: An Archaeological Clearance Survey for Dawson Geophysical Company of Midland, Texas  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: Torrance  
LA number(s): None  
Project number: 64.27  
Project name: Dawson Survey  
Number of pages: 4  
Subject: Inspection of a proposed seismic survey route revealed no cultural resources.

**Note number: 308**

Author: Wiseman, Regge N.  
Title: The Tsaya Project: Archaeological Excavations near Lake Valley, San Juan County, New Mexico  
Date of report: 1982  
Date of project: 1978  
Type of project: Excavation  
County: San Juan  
LA number(s): 15844-15846  
Project number: 41.302 (66.21)  
Project name: Tsaya Excavation  
Number of pages: 266

Subject: Excavations uncovered the remains of seasonal and year-round occupations from Basketmaker III to Pueblo III. Features include fieldhouses, pithouses, a kiva, and artifact scatters.

**Note number: 309**

Author: Seaman, Timothy J.  
Title: Archaeological Investigations on Guadalupe Mountain, Taos County, New Mexico  
Date of report: 1983  
Date of project: 1982  
Type of project: Survey  
County: Taos  
LA number(s): 38422-38432  
Project number: 71.05  
Project name: Molycorp Survey  
Number of pages: 40  
Subject: Nine of the eleven sites recorded were lithic artifact scatters reflecting collecting and processing sites, quarry locations, and tool manufacturing sites. Two Historic shepherding camps date to the early twentieth century.\*

**Note number: 310 a**

Author: Seaman, Timothy J.  
Title: Inventory of Cultural Resources along New Mexico 112, Rio Arriba County, New Mexico  
Date of report: 1983  
Date of project: 1982  
Type of project: Survey and testing  
County: Rio Arriba  
LA number(s): 1364, 1365, 5860, 5862, 12349, 12368, 12392, 35977-35996  
Project number: 41.331 (70.13)  
Project name: NM 112 Survey  
Number of pages: 69  
Subject: Survey and testing of 28 Gallina-phase (A.D. 1150-1250) pithouse sites. Excavation recommended for four of these sites.\*

**Note number: 310 b**

Author: Post, Stephen S.  
Title: Testing at LA 12381, along State Road 112, Rio Arriba County  
Date of report: 1982  
Date of project: 1982  
Type of project: Testing  
County: Rio Arriba  
LA number(s): 12381  
Project number: 41.331 (70.13)  
Project name: LA 12381  
Number of pages: 7  
Subject: Limited testing, no significant subsurface cultural resources. Clearance recommended.\*

**Note number: 310 c**

Author: Lancaster, James W.  
Title: Research Design for the Excavation and Testing of Four Gallina Phase Sites along New Mexico 112, Rio Arriba County, New Mexico  
Date of report: 1983  
Date of project: 1983  
Type of project: Research proposal  
County: Rio Arriba  
LA number(s): 5862, 35977, 35985, 35987  
Project number: 41.331 (72.03)  
Project name: NM 112  
Number of pages: 22  
Subject: Research proposal for the excavation of four sites of the Gallina phase with pithouses and surface structures.\*

**Note number: 311**

Author: Oakes, Yvonne R.  
Title: The Ontiberos Site: A Hispanic Homestead near Roswell, New Mexico  
Date of report: 1983  
Date of project: 1981  
Type of project: Excavation

County: Chaves  
LA number(s): 27573  
Project number: 70.09  
Project name: Ontiberos Site  
Number of pages: 133  
Subject: Excavation of LA 27573, a dugout and surface structure occupied by a Hispanic sheepherder and his family in the early twentieth century. Archival documentation supplemented archaeological investigations.

**Note number:** 312  
Author: Klausner, Stephanie  
Title: An Archaeological Clearance Investigation for the Gulf Mineral Resources Company Catron County, New Mexico, Cibola National Forest  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey  
County: Catron  
LA number(s): None  
Project number: 66.17  
Project name: Datil-Gulf Mineral Survey  
Number of pages: 7  
Subject: No cultural resources were encountered, and archaeological clearance was recommended.

**Note number:** 313  
Author: Oakes, Yvonne R.  
Title: Colfax, New Mexico: A Study of Land Use Patterns on the Maxwell Land Grant  
Date of report: 1983  
Date of project: 1982  
Type of project: Excavation  
County: Colfax  
LA number(s): 35458  
Project number: 41.317  
Project name: Colfax Testing  
Number of pages: 82  
Subject: Remains and material goods of transients and railroad section crews from 1905 to the 1920s. Functional analysis of 8,894 Historic artifacts.\*

**Note number:** 314  
Author: Peckham, Stewart L.  
Title: An Archaeological Survey of Proposed Highway Construction Projects on New Mexico Highway 14 from U.S. 166 North to San Antonio  
Date of report: 1973  
Date of project: 1973  
Type of project: Survey  
County: Bernalillo  
LA number(s): 24, 11611-11615  
Project number: 63.05  
Project name: San Antonio  
Number of pages: 18  
Subject: Six sites found within the right of way. LA 24 was excavated (see Laboratory of Anthropology Notes 167). Indian occupation A.D. 1250-1700, Hispanic occupation A.D. 1700 to present.\*

**Note number:** 315 a  
Author: Lancaster, James W.  
Title: Archaeological Testing at the Rio Bonito Site, Lincoln County, New Mexico  
Date of report: 1983  
Date of project: 1983  
Type of project: Testing  
County: Lincoln  
LA number(s): 37452  
Project number: 41.324 (71.15)  
Project name: Rio Bonito  
Number of pages: 21  
Subject: Preliminary testing at LA 37452 revealed a possible pithouse village dating to the early Glencoe phase of the Jornada Mogollon. Recommendations made for further excavation.\*

**Note number:** 315 b  
Author: Lancaster, James W.  
Title: The First Field Phase at the Rio Bonito Site, Lincoln County, New Mexico  
Date of report: 1983  
Date of project: 1983  
Type of project: Excavation  
County: Lincoln  
LA number(s): 37452  
Project number: 41.324 (71.15)  
Project name: Rio Bonito Phase 1  
Number of pages: 21  
Subject: Report on the results of an experiment in site burial. LA 37452 was tested, buried, and reexcavated to determine the effects of burial and subsequent use of heavy machinery on archaeological resources.

**Note number:** 316  
Author: Lancaster, James W.  
Title: The Testing of Archaeological Sites along the La Plata Highway, San Juan County, New Mexico  
Date of report: 1983  
Date of project: 1982  
Type of project: Testing  
County: San Juan  
LA number(s): 37586, 37587, 37589-37602, 37604-37608, 37610-37615, 37617-37619, 37624, 37626  
Project number: 41.309 (70.04)  
Project name: La Plata Testing  
Number of pages: 97  
Subject: Twenty-eight sites in La Plata Valley were tested, and recommendations were made for further excavation. Most sites fall into the Pueblo II-Pueblo III period.\*

**Note number:** 317  
Author: Doleman, William H., and Denise P. Fallon  
Title: An Archaeological Clearance Investigation of Five Seismic Testing Corridors in the Galisteo Basin, Santa Fe County, New Mexico, For Teledyne Corporation  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: Santa Fe  
LA number(s): 13411-13417  
Project number: 64.23  
Project name: Teledyne Survey  
Number of pages: 17  
Subject: Seven archaeological sites: three hearths, three fieldhouses, and one small pueblo. The material collected dates from about A.D. 1200 to 1600. Cultural resources in the vicinity have not been adversely affected by Teledyne's activities.\*

**Note number:** 318  
Author: Hannaford, Charles A.  
Title: Extended Testing of LA 33221, an Archaic and Mogollon Lithic Site in Otero County (Cloudcroft)  
Date of report: 1987  
Date of project: 1983  
Type of project: Testing  
County: Otero  
LA number(s): 33221  
Project number: 41.315 (70.18)  
Project name: Cloudcroft Excavation  
Number of pages: 53  
Subject: Late Archaic and Mogollon components. Possible structures, high artifact density, bedrock mortar holes. The site is interpreted as a possible camp.\*

**Note number:** 319  
Author: Hannaford, Charles A.  
Title: Historical Investigations at the Mills Townsite, Harding County, New Mexico  
Date of report: 1984  
Date of project: 1982  
Type of project: Testing

County: Harding  
LA number(s): 15928  
Project number: 41.318 (71.08)  
Project name: Mills Townsite  
Number of pages: 39  
Subject: Archival documentation and limited archaeological testing of six features associated with the late nineteenth- to early twentieth-century town of Mills. Features included a wheat scale, a section crew's house, a foreman's house, a store, and foundations.

**Note number:** 320  
Author: Condon, Glenn S.  
Title: Investigations at LA 35281: A Small Single Structure Pueblo IV Site on La Bajada Hill, Santa Fe County, New Mexico  
Date of report: 1983  
Date of project: 1982  
Type of project: Excavation  
County: Santa Fe  
LA number(s): 35281  
Project number: 41.316 (70.22)  
Project name: La Bajada Excavation  
Number of pages: 34  
Subject: Excavation of a small agricultural fieldhouse of the Pueblo IV period. Evidence for seasonal, short-term use.

**Note number:** 321  
Author: Maxwell, Timothy D.  
Title: Excavations at the Cavanaugh Site, Las Vegas, New Mexico  
Date of report: 1983  
Date of project: 1981  
Type of project: Excavation  
County: San Miguel  
LA number(s): 12983  
Project number: 41.307 (69.03)  
Project name: Cavanaugh Excavation  
Number of pages: 152  
Subject: Excavation of a late nineteenth-century residential site. Site and artifacts examined in context of a frontier economy. Extensive Historic artifact analysis.

**Note number:** 322  
Author: Kayser, David W.  
Title: An Archaeological Clearance Survey for the Mountain Bell Underground Communications Facility at the Pueblo of San Ildefonso, New Mexico  
Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: Santa Fe  
LA number(s): None  
Project number: 63.16  
Project name: Mountain Bell Survey  
Number of pages: 5  
Subject: No archaeological sites encountered.

**Note number:** 323  
Author: Seaman, Timothy J.  
Title: Excavations at S. M. Butcher and A. E. Wyatt Homesteads  
Date of report: 2000  
Date of project: 1983  
Type of project: Excavation  
County: Quay  
LA number(s): 16645-16650  
Project number: 67.17, 67.18  
Project name: Tucumcari II and III Excavation; Butcher-Wyatt Excavation  
Number of pages: 156  
Subject: Excavation of Butcher-Wyatt homestead, occupied from 1906 to 1913.

**Note number:** 324  
Author: Klausner, Stephanie, and Tannis Johnson  
Title: A Cultural Resource Clearance Investigation near Tucumcari, New Mexico, for the New Mexico State Highway Department Project I-040-6(7)333 and I-040-6(31)335  
Date of report: 1978  
Date of project: 1978  
Type of project: Survey  
County: Quay  
LA number(s): 16645-16650  
Project number: 67.06  
Project name: Tucumcari Survey  
Number of pages: 31  
Subject: Four prehistoric lithic sites and two late nineteenth- to early twentieth-century homesteads were surveyed.\*

**Note number:** 325  
Author: Seaman, Timothy J.  
Title: Archaeological Testing at an Archaic Campsite near Caballo Dam, Sierra County, New Mexico  
Date of report: 1983  
Date of project: 1983  
Type of project: Testing  
County: Sierra  
LA number(s): 39184  
Project number: 41.323 (71.14)  
Project name: Caballo  
Number of pages: 21  
Subject: Testing of LA 39184, an Archaic campsite composed of discrete concentrations of lithic artifacts presumably from hearth areas.\*

**Note number:** 326  
Author: Cronk, Lynn E.  
Title: Archaeological Investigations at Trementina Creek, San Miguel County, New Mexico  
Date of report: 1983  
Date of project: 1983  
Type of project: Survey  
County: San Miguel  
LA number(s): 35459  
Project number: 41.320 (71.10)  
Project name: Trementina  
Number of pages: 24  
Subject: LA 35459 has an unspecialized lithic assemblage. The primary knapping objective was to check for raw material suitability. The use of the site for hunting and vegetal processing is indicated. The site has a Historic component.\*

**Note number:** 327  
Author: Cronk, Lynn E.  
Title: Archaeological Investigations along State Road 14 near Gran Quivira, New Mexico  
Date of report: 1984  
Date of project: 1983  
Type of project: Testing  
County: Torrance  
LA number(s): 44047, 44055  
Project number: 41.328  
Project name: Gran Quivira  
Number of pages: 23  
Subject: Testing of two ceramic scatters near Gran Quivira National Monument revealed no features. Clearance was recommended.\*

**Note number:** 328  
Author: Oakes, Yvonne R.  
Title: Results of Testing Program for Eleven Sites along U.S. 380 near Carthage, New Mexico  
Date of report: 1984  
Date of project: 1983  
Type of project: Testing  
County: Socorro

LA number(s): 45877-45887  
Project number: 41.335 (72.07)  
Project name: Carthage Testing  
Number of pages: 85  
Subject: Testing of a late nineteenth-century Historic site, possibly associated with mining and railroad activities, and 10 prehistoric sites ranging from Paleoindian to Pueblo IV in age. Most of the latter were lithic artifact scatters with possible hearths.

**Note number: 329**

Author: Oakes, Yvonne R.  
Title: The Sims Mesa Project  
Date of report: 1985  
Date of project: 1983  
Type of project: Survey  
County: Rio Arriba  
LA number(s): 3416, 36591, 36593, 36594, 36598, 36601, 36602, 36604, 37413, 38067, 39192  
Project number: 41.327 (71.18)  
Project name: Sims Mesa  
Number of pages: 101  
Subject: The survey recorded 11 sites, including Anasazi pithouses, hearths, and a petroglyph area, five Navajo sites, and two early twentieth-century Hispanic homesteads. Carbon-14 dates obtained by auger.\*

**Note number: 330**

Author: Grigg, Paul S.  
Title: An Archaeological Survey of the Proposed Location of Red Rocks State Park, McKinley County, New Mexico  
Date of report: 1974  
Date of project: 1974  
Type of project: Survey  
County: McKinley  
LA number(s): 11603-11607  
Project number: 99.55  
Project name: Red Rock Survey  
Number of pages: 16  
Subject: The survey recorded five prehistoric seasonal Anasazi dwelling sites dating from Basketmaker III to Pueblo III (A.D. 750-1150).\*

**Note number: 331**

Author: Grigg, Paul S.  
Title: A Cultural Resource Investigation of Eleven Proposed Mineral Exploration Drill Sites near San Mateo, New Mexico for Teton Exploration Drilling Company, Inc.  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: McKinley  
LA number(s): 13657  
Project number: 64.28  
Project name: San Mateo, Teton  
Number of pages: 6  
Subject: One archaeological site (LA 13657) located north of the proposed drill site. Clearance recommended.\*

**Note number: 332 a**

Author: Maxwell, Timothy D.  
Title: An Archaeological Survey of the I-40 Right-of-way in the Red Mesa Valley, New Mexico  
Date of report: 1984  
Date of project: 1984  
Type of project: Survey  
County: McKinley  
LA number(s): 2937, 6384, 6386, 47482-47501  
Project number: 41.340  
Project name: Red Mesa Survey  
Number of pages: 36  
Subject: Survey recorded 24 sites, including undated lithic artifact scatters, Pueblo II-Pueblo III sites, and Basketmaker III-Pueblo II sites. Recommendations made for excavation.\*

**Note number:** 332 b  
Author: Maxwell, Timothy D.  
Title: Proposed Mitigation Plan: The Turpen Site  
Date of report: 1984  
Date of project: 1984  
Type of project: Research proposal  
County: McKinley  
LA number(s): 47496  
Project number: 41.340 (70.13)  
Project name: Turpen Site  
Number of pages: 23  
Subject: Recommendations for the excavation of the site.\*

**Note number:** 333  
Author: Carter, Laura A.  
Title: An Archaeological Clearance Survey of the United Nuclear Company, U.S.A. Pipeline Right-of-way, McKinley County, Church Rock, New Mexico  
Date of report: 1975  
Date of project: 1975  
Type of project: Survey  
County: McKinley  
LA number(s): 12746  
Project number: 64.03  
Project name: Churchrock Survey  
Number of pages: 4  
Subject: One ceramic and lithic scatter site. Ceramics date the site from Pueblo II through Pueblo III. Clearance was recommended.\*

**Note number:** 334  
Author: Koczan, Steven A.  
Title: A Cultural Resource Inventory of Four Drill Locations on San Mateo Mesa for Kerr-McGee Resource Corporation  
Date of report: 1983  
Date of project: 1978  
Type of project: Survey  
County: McKinley  
LA number(s): None  
Project number: 66.26  
Project name: San Mateo Mesa  
Number of pages: 10  
Subject: Survey of four drill locations recorded no sites. Clearance was recommended. See Laboratory of Anthropology Notes 253.\*

**Note number:** 335 a  
Author: Wiseman, Reggie N.  
Title: A Cultural Resource Clearance Investigation of the Proposed Buckman Wells Project, Santa Fe County, New Mexico  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey  
County: Santa Fe  
LA number(s): 15222  
Project number: 66.01  
Project name: Buckman Wells  
Number of pages: 14  
Subject: Survey of two well locations on Caja del Rio Grant recorded several features associated with the town of Buckman (LA 15222), occupied from the 1880s to 1941.\*

**Note number:** 335 b  
Author: Wiseman, Reggie N.  
Title: Final Report of the Buckman Project: Archaeological Monitoring and Recording along the Public Service Company Water Pipeline at Buckman Wells, West of Santa Fe  
Date of report: 1977  
Date of project: 1977

Type of project: Excavation  
County: Santa Fe  
LA number(s): 15222  
Project number: 67.05  
Project name: Buckman  
Number of pages: 11  
Subject: The excavation revealed a limited number and variety of artifacts from an adobe structure dating from late in the occupation of Buckman.\*

**Note number:** 336  
Author: Maxwell, Timothy D.  
Title: Archaeological Survey at Fenton Lake, New Mexico  
Date of report: 1984  
Date of project: 1984  
Type of project: Survey  
County: Sandoval  
LA number(s): 48488  
Project number: 41.345  
Project name: Fenton Lake Survey  
Number of pages: 12  
Subject: One sherd dating to A.D. 1300-1750. The isolated occurrence was designated LA 48488.\*

**Note number:** 337  
Author: Vierra, Bradley J.  
Title: A Cultural Resource Mitigation Plan for the Proposed Molybdenum Tailings Disposal Facility  
Date of report: 1984  
Date of project: 1984  
Type of project: Research proposal  
County: Taos  
LA number(s): 38422-38432  
Project number: 41.368  
Project name: Molycorp, Guadalupe  
Number of pages: 55  
Subject: Excavation proposal for 11 sites ranging from Paleoindian to Jicarilla Apache (see Laboratory of Anthropology Notes 309).\*

**Note number:** 338  
Author: Maxwell, Timothy D.  
Title: Archaeological Survey of Tesuque Peak Summit, near Santa Fe, New Mexico  
Date of report: 1984  
Date of project: 1984  
Type of project: Survey  
County: Santa Fe  
LA number(s): None  
Project number: 41.349  
Project name: Tesuque Peak  
Number of pages: 9  
Subject: The survey revealed no cultural remains, and clearance was recommended.

**Note number:** 339  
Author: Lancaster, James W., and Timothy D. Maxwell  
Title: Archaeological Investigation of Two Lithic Sites on Albuquerque's West Mesa  
Date of report: 1984  
Date of project: 1983  
Type of project: Testing  
County: Bernalillo  
LA number(s): 26999, 27000  
Project number: 41.334 (72.06)  
Project name: West Mesa  
Number of pages: 22  
Subject: Testing of two nondiagnostic lithic artifact sites (LA 26999 and LA 27000). No features were found, and the sites appear to have functioned primarily as quarries.

**Note number:** 340

Author: Oakes, Yvonne R.  
Title: Archaeological Assessment of the El Rito-Ojo Caliente Transmission Line for Contel of the West  
Date of report: 1984  
Date of project: 1984  
Type of project: Survey  
County: Rio Arriba  
LA number(s): 49227-49228  
Project number: 41.350  
Project name: El Rito, Ojo Line  
Number of pages: 23  
Subject: This survey recorded two sites: a Genizaro settlement at La Cueva dating to before 1820 (LA 49227) and a small garden plot (LA 49228).\*

**Note number: 341**

Author: Maxwell, Timothy D., and Stephen S. Post  
Title: Test Excavations in Red Mesa Valley, McKinley County, New Mexico  
Date of report: 1990  
Date of project: 1985  
Type of project: Excavation  
County: McKinley  
LA number(s): 2937, 6383, 6384, 6386, 47482, 47484, 47496-47500  
Project number: 41.340  
Project name: Prewitt; Red Mesa Excavation  
Number of pages: 83  
Subject: Archaeological investigation of 11 sites: 7 habitation sites dating to the Pueblo II-Pueblo III period; 4 scatters of chipped stone dating to the Late Archaic and Pueblo II-Pueblo III.\*

**Note number: 342**

Author: Hannaford, Charles A.  
Title: The Quemado Site, LA 8066  
Date of report: 1985  
Date of project: 1983  
Type of project: Testing  
County: Catron  
LA number(s): 8066  
Project number: 41.338  
Project name: Quemado Site, Red Hill  
Number of pages: 46  
Subject: Testing of a chipped stone procurement and processing site dating to the Paleoindian-Archaic period (7000-6000 B.P.). Primary material was basalt. Historic component consisted of a brush shelter, ca. 1920s.\*

**Note number: 343 a**

Author: Koczan, Steven A.  
Title: Cultural Resource Investigations on State Road 44  
Date of report: 1983  
Date of project: 1983  
Type of project: Survey, research proposal  
County: Sandoval, Rio Arriba  
LA number(s): 3100, 3101, 3103, 3104, 3107, 3108, 6649, 45959-45964  
Project number: 41.334  
Project name: NM 44  
Number of pages: 68  
Subject: A cultural resource inventory of three proposed borrow pits.\*

**Note number: 343 b**

Author: Lancaster, James W.  
Title: Test Excavations along State Road 44, Sandoval, Rio Arriba, and San Juan Counties, New Mexico  
Date of report: 1985  
Date of project: 1984  
Type of project: Testing, excavation  
County: Sandoval, Rio Arriba, San Juan  
LA number(s): 45959-45961, 45963-45965  
Project number: 41.339 (72.11)  
Project name: NM 44

Number of pages: 43  
Subject: Testing of six Archaic through Basketmaker II lithic artifact sites and one Historic structure, possibly occupied in the 1920s and 1930s. Clearance was recommended.\*

**Note number: 344**

Author: Maxwell, Timothy D.  
Title: Archaeological Test Excavations at the Townsend Site (LA 34150), Chaves County, New Mexico  
Date of report: 1986  
Date of project: 1986  
Type of project: Testing  
County: Chaves  
LA number(s): 34150  
Project number: 41.314  
Project name: Townsend, Salt Creek  
Number of pages: 114  
Subject: Test excavations revealed three periods of occupation: 490-250 B.C., A.D. 460-820, and A.D. 1200-1400.\*

**Note number: 345**

Author: Vierra, Bradley J., and Kurt F. Anschuetz  
Title: Testing Procedures and Research Design for the Coors Road Site, Bernalillo County, New Mexico  
Date of report: 1985  
Date of project: 1984  
Type of project: Excavation  
County: Bernalillo  
LA number(s): 15260  
Project number: 41.352  
Project name: Coors Road  
Number of pages: 74  
Subject: Test excavations at LA 15260 revealed two pit structures, a subsurface trash deposit, and a lithic and ceramic artifact scatter. Ceramics indicate occupation from A.D. 1150 to 1300.

**Note number: 346**

Author: Hannaford, Charles A.  
Title: Archaeological Investigations West of Chama, New Mexico  
Date of report: 1985  
Date of project: 1984  
Type of project: Testing  
County: Rio Arriba  
LA number(s): 46170-46172  
Project number: 41.344  
Project name: Chama Testing  
Number of pages: 39  
Subject: The three sites tested were middle to late Archaic-period lithic artifact scatters exhibiting similar and consistent patterns of material selection and technological behavior. Emphasis on secondary core reduction and biface manufacture.\*

**Note number: 347**

Author: Anschuetz, Kurt F., Timothy D. Maxwell, and John A. Ware  
Title: Testing Report and Research Design for the Medanales North Project, Rio Arriba County, New Mexico  
Date of report: 1985  
Date of project: 1985  
Type of project: Testing, research design  
County: Rio Arriba  
LA number(s): 6595, 48669, 48671-48681, 49452  
Project number: 41.360  
Project name: Medanales Testing  
Number of pages: 150  
Subject: Testing of 14 sites: four Historic, four agricultural sites of the Anasazi period, and six lithic and/or sherd scatters of the Archaic and unknown periods. Research design contains extensive background information on garden construction techniques.

**Note number: 348**

Author: Lancaster, James W.  
Title: The Bain Sites: Archaeological Testing of Two Lithic Scatters in Quay County, New Mexico

Date of report: 1986  
Date of project: 1985  
Type of project: Testing  
County: Quay  
LA number(s): 49834, 49836  
Project number: 41.363  
Project name: Bain Sites  
Number of pages: 32  
Subject: Testing of two lithic artifact scatters along Canadian River. The primary site function appears to have been tool production, using local gravels for expedient tools and intrusive materials for formal tools. Probable multicomponent campsites.

**Note number:** 349  
Author: Post, Stephen S.  
Title: Testing Results and Research Design for Three Sites along State Road 264, McKinley County, New Mexico  
Date of report: 1987  
Date of project: 1987  
Type of project: Testing  
County: McKinley  
LA number(s): 55647, 57411, 59497  
Project number: 41.401  
Project name: State Road 264  
Number of pages: 58  
Subject: LA 57411 is a multicomponent, prehistoric, limited-activity site. LA 55647, the remains of Wildcat Springs Trading Post, was occupied between A.D. 1940 and 1960. LA 59497 is a prehistoric rubble mound and midden.\*

Author: Snow, David H.  
Title: Cultural Resources Clearance Investigation: New Mexico State Highway Department Project RF-031-1(23)  
Date of report: 1977  
Date of project: 1977  
Type of project: Survey  
County: San Juan  
LA number(s): None  
Project number: 65.52  
Project name: Shiprock  
Number of pages: 6  
Subject: No cultural resources were encountered within or adjacent to areas surveyed. Clearance recommended.

**Note number:** 351  
Author: Oakes, Yvonne R.  
Title: Testing of Two Small Lithic Sites along U.S. 285, Chaves County, New Mexico  
Date of report: 1986  
Date of project: 1985  
Type of project: Testing  
County: Chaves  
LA number(s): 51094, 51095  
Project number: 41.366  
Project name: WIPP  
Number of pages: 29  
Subject: Testing of two lithic artifact scatters near the Pecos River. No subsurface cultural materials and no diagnostic artifacts were found. Probably temporary campsites.

**Note number:** 352  
Author: Clifton, Donald, and David A Phillips, Jr.  
Title: The Archaeological Investigation of Four Sites along U.S. Interstate 10 near the Las Cruces Airport, for the New Mexico State Highway Department  
Date of report: 1989  
Date of project: 1985  
Type of project: Testing  
County: Doña Ana  
LA number(s): 6310, 50136-50139  
Project number: 41.356  
Project name: Las Cruces Airport

Number of pages: 73  
Subject: Ample evidence of Archaic occupation. Artifacts collected on five sites.\*

**Note number: 353**

Author: Anschuetz, Kurt F.  
Title: Archaeological Excavation of Two Human Burials within the U.S. 285 Right-of-Way at Pojoaque Pueblo, Santa Fe County, New Mexico  
Date of report: 1986  
Date of project: 1985  
Type of project: Excavation  
County: Santa Fe  
LA number(s): 61  
Project number: 41.367, 41.375  
Project name: Pojoaque Burials  
Number of pages: 54  
Subject: Restricted distribution. Excavation of two prehistoric burials eroding out of the edge of a borrow pit. Associated ceramics indicate a date after 1350 (middle or late Classic period).\*

**Note number: 354**

Author: Anschuetz, Kurt F.  
Title: Archaeological Test Excavations at LA 50837, an Anasazi Special-Use Site along State Road 4, West of the Pojoaque Pueblo Reservation, Santa Fe County, New Mexico  
Date of report: 1986  
Date of project: 1985  
Type of project: Testing  
County: Santa Fe  
LA number(s): 50837  
Project number: 41.367, 41.375  
Project name: Pojoaque  
Number of pages: 41  
Subject: Testing of sparse sherd and lithic artifact scatter indicate the site's possible use as a temporary dry farming agricultural camp during the late Coalition-early Classic period and the late Classic period.

**Note number: 355**

Author: Oakes, Yvonne R.  
Title: Navajo and Basketmaker III-Pueblo I Occupations of Two Sites near Quemado, Catron County  
Date of report: 1986  
Date of project: 1985  
Type of project: Testing  
County: Catron  
LA number(s): 8063, 51922  
Project number: 41.371  
Project name: Quemado West  
Number of pages: 48  
Subject: Testing of two sherd and lithic artifact scatters revealed one temporary Navajo campsite dating to the late sixteenth-early seventeenth century and a temporary prehistoric camp.\*

**Note number: 356**

Author: Hannaford, Charles A.  
Title: Archaeological Survey of the Tierra Contenta Subdivision, Santa Fe County, New Mexico  
Date of report: 1986  
Date of project: 1985  
Type of project: Survey  
County: Santa Fe  
LA number(s): 54741-54785  
Project number: 41.369 and 41.385 (SHPO matching grant)  
Project name: Tierra Contenta Survey  
Number of pages: 194  
Subject: Survey of 1500 acres along Airport Road in Santa Fe recorded 45 archaeological sites and 510 isolated occurrences. Most of the sites were artifact scatters. Occupation ranging from late Archaic to present.\*

**Note number: 357**

Author: Oakes, Yvonne R.  
Title: Archaeological Testing of Three Historic Sites at Lincoln State Monument, Lincoln County, New Mexico

Date of report: 1986  
Date of project: 1985  
Type of project: Testing  
County: Lincoln  
LA number(s): 89777  
Project number: 41.361  
Project name: Lincoln Testing  
Number of pages: 107  
Subject: Testing revealed wall foundations, a fenceline, brick paving, water pipelines, a 1885 vault, a 1930s fireplace, wall remnants from a 1882-1889 jail, and a 1950s cistern. Eleven thousand artifacts were collected and analyzed.

**Note number: 358**

Author: Vierra, Bradley J., and James W. Lancaster  
Title: Archaeological Excavations at the Rio Bonito Site, Lincoln County, New Mexico  
Date of report: 1987  
Date of project: 1983-84  
Type of project: Excavation  
County: Lincoln  
LA number(s): 37452  
Project number: 41.324 and 41.326  
Project name: Rio Bonito Excavations  
Number of pages: 67  
Subject: Archaeological testing and data recovery of LA 37452. Ceramics indicate an eleventh-century A.D. pithouse.

**Note number: 359**

Author: Oakes, Yvonne R.  
Title: Archeological Clearance Investigation for the Ralph E. Vail Consulting Engineer Company, Sile, New Mexico  
Date of report: 1976  
Date of project: 1976  
Type of project: Survey  
County: Sandoval  
LA number(s): 58496  
Project number: 64.24  
Project name: Vail Engineer Survey  
Number of pages: 9  
Subject: Survey of a pipeline right-of-way encountered a scatter of sherds (Rio Grande Glazes A and B) and chipped and ground stone, probably associated with structures outside the right-of-way.\*

**Note number: 360**

Author: Sullivan, Richard B.

Date of project: 1986  
Type of project: Survey  
County: Doña Ana  
LA number(s): 56188  
Project number: 41.392  
Project name: Organ  
Number of pages: 30

Subject: Survey of 41 abandoned mine shafts, adits, stopes, and wells. Provisional clearance recommended to seal mine openings.

**Note number: 381**

Author: Oakes, Yvonne R.

Title: Archaeological Survey of Mine Lands at Tortugas Mountain, Doña Ana County, New Mexico, for Abandoned Mine Land Bureau

Date of report: 1986

Date of project: 1986

Type of project: Survey

County: Doña Ana

LA number(s): 56208

Project number: 41.392

Project name: Tortugas Mountain

Number of pages: 25

Subject: Recommend avoidance of or archaeological testing around foundations of Tortugas Mine (LA 56208). Archaeological clearance recommended to seal rest of mine openings.

**Note number: 382**

Author: Oakes, Yvonne R.

Title: Archaeological Survey of Mine Lands at La Ventana, Sandoval County, New Mexico, for Abandoned Mine Land Bureau

Date of report: 1987

Date of project: 1986

Type of project: Survey

County: Sandoval

LA number(s): 56727, 57256, 57257

Project number: 41.392

Project name: La Ventana

Number of pages: 20

Subject: One site, LA 56727, may be representative of early to mid twentieth-century small-scale mine operations. Cultural resource clearance recommended to seal mine openings.

**Note number: 383**

Author: Oakes, Yvonne R.

Title: Archaeological Survey of Skull Shaft Mine, Santa Fe County, New Mexico, for Abandoned Mine Land Bureau

Date of report: 1986

Date of project: 1986

Type of project: Survey

County: Santa Fe

LA number(s): None

Project number: 41.392

Project name: Skull Shaft Mine

Number of pages: 14

Subject: Cultural resource clearance recommended to seal mine.

**Note number: 384**

Title: The Old House Survey: An Examination of LA 65356, the Padilla Residence, at Plaza del Llano, San Miguel County, New Mexico  
Date of report: 1990  
Date of project: 1987  
Type of project: Survey  
County: San Miguel  
LA number(s): 65356  
Project number: 41.424  
Project name: Plaza del Llano  
Number of pages: 20  
Subject: The date of construction of the Padilla house, a standing adobe residence, is estimated between 1900 and 1920.

**Note number: 458**  
Author: Moore, James L.  
Title: Archaeological Test Excavations at Two Pueblo II Sites along the Farmington Relief Route  
Date of report: 1988  
Date of project: 1987  
Type of project: Testing  
County: San Juan  
LA number(s): 46683, 46684  
Project number: 41.406  
Project name: Farmington Relief Route  
Number of pages: 77  
Subject: Test excavations of two Pueblo II sites revealed no significant subsurface deposition at LA 46684 and badly disturbed subsurface deposits at LA 46683.

**Note number: 459**  
Author: Cronk, Lynn E., and Nancy J. Akins  
Title: Test Excavations at Seven Archaeological Sites near Hunter Wash, San Juan County, New Mexico  
Date of report: 1986  
Date of project: 1983  
Type of project: Test excavation  
County: San Juan  
LA number(s): 14838, 20225, 20231, 30961, 30964, 30965, 34149  
Project number: 41.325  
Project name: Hunter Wash  
Number of pages: 84  
Subject: Six lithic scatters, all seasonal resource sites. No subsurface cultural remains were found. LA 14838, a historic site, revealed use surfaces in two of the four structures.
